

Milwaukee Violence Leaves 2 Dead

It Could Happen Again Romney Tells Detroit

DETROIT (AP)—An emergency ban against sale of liquor was lifted partially today by Gov. George Romney as foot-high flames still licked at the wreckage of Detroit's racial explosion, worst in recent American history.

The governor restored to residents of the nation's fifth largest city limited rights to buy beer, wine and liquor during noncurfew hours. He cut the hours of curfew to a span from midnight to 5:30 a.m. as quiet returned to Detroit after more than week of looting, burning and killing.

Detroiters began flocking to taverns and package stores which began to open for the first time since last Monday when Romney closed them. State law prohibits sale of any alcoholic beverage between 2 a.m. and 7 a.m., so Romney's relaxed liquor controls meant only two hours less time to buy liquor each day than before the riot began a week ago Sunday.

Earlier, Romney warned the people of Michigan violence could happen again—in Detroit and elsewhere.

"Unless we take the proper course, this nation in the years ahead could be plunged into civil guerrilla warfare," he said in a television report.

"More and more Negroes are listening to and supporting Negro leaders who advocate a separate black society in America," the governor said.

"These militant revolutionists are preaching hate, violence and rebellion, furthermore, they are organizing on a national basis and they are arming for that purpose. We should not ignore these grave facts."

Rejects Brute Force

The governor spoke in even, unemotional tones that belied sleepless days and nights in which he frequently toured areas where fires glowed and soldiers and police fought savagely with snipers.

He rejected "brute force" as a solution to terror that in Detroit alone resulted in 41 deaths, hundreds of injuries, thousands of arrests and \$500 million in property damage. The violence spread throughout Michigan and the nation last week.

He urged instead a nine-point attack on what he said were the causes—slum housing, poor education and high unemployment. He promised a full-scale state investigation to supplement one already ordered on a nationwide basis by President Johnson.

As Romney spoke, the city began its quietest night since a routine police raid July 23 set off the riot along teeming 12th Street on the near West Side.

Small flames flickered amid the pretzeled ruin of hundreds of buildings torched by looters and arsonists.

Weather

By The Associated Press

ESCANABA AND VICINITY—Mostly sunny and pleasant today, high 78. Tonight clear to partly cloudy and cool, low 50. Tuesday and Wednesday, variable cloudiness with chance of showers or thundershowers. Light variable winds becoming southeast to southerly, 8 to 16 mph today and tonight. High yesterday, 76 and low overnight, 54. Precipitation probabilities: today, 10%; tonight, 5%; Tuesday, 30%.

Lake Michigan—Variable winds but mostly northeasterly 8 to 15 knots today and tonight. Partly cloudy, chance of a few showers or thundershowers extreme south portion.

Sun sets today at 8:19 p. m., and rises Tuesday at 5:31 a. m.

High temperature readings:

For the first night in eight there were no arrests, no gunshots and no injuries in a section where such things are commonplace even in the best of times.

National Guardsmen, ranks thinning and weapons unloaded, patrolled by police.

Paratroopers of the 101st and 82nd Airborne divisions, in the city since Monday on presiden-

Delay

DETROIT (AP)—Gov. George Romney said today, "We were pleading for federal troops as fast as we could get them" during the early hours of the Detroit riots and he listed, point by point, the delays that arose before federal authorities responded to his appeals.

Gravely, Romney said nearly 24 hours elapsed between the time he first asked Washington for help and the moment when the federal airborne troops were committed to the riot zones.

1. He said U.S. Atty. Gen. Ramsey Clark "changed his position" with respect to requiring a written, not just an oral, request to send the federal troops to Detroit.

2. After President Johnson's representative, Cyrus R. Vance, arrived in Detroit, nine hours passed before Vance agreed to commit the federal troops.

3. Federal authorities demanded a "certification of an insurrection," Romney said. "My basic point was that the federal troops should be sent because I didn't want to let the situation get out of hand. That's what we were trying to prevent."

Orders were withdrawn completely from active duty, but held in readiness at staging areas.

Organized Sniping
In his television talk, Romney touched on a major question in the agonizing post-mortem: Was Detroit's riot organized?

Opinions and theories came from everyone—from Romney to Negroes who claimed they fought in the streets.

Police Commissioner Ray Girardin said there was evidence something far more volatile than gasoline was used to fire stores and homes.

"From the information we

now have," said a top police officer, "this sniper activity is part of the network of the Black Power movement. It's divided into city groups that are called 'bays' and they roughly resemble Communist cells in structure. Indications are now that a lieutenant is in charge of the Detroit operation and higher authorities are located elsewhere."

Negroes From Outside

Girardin would neither confirm nor deny this theory, but Negroes who claimed to have been snipers gave different information.

A detective at the embattled 10th Precinct, which bore the brunt of the riot, said 22 to 25 snipers were arrested in his area.

Harrassed with the overload of paper work created by a hundred times the normal number of arrests, this detective said he could not tell now the exact number from out of town. He said "many."

Two Negroes, he said, told him they had come to Detroit from Newark through Cincinnati. But he said he had not asked them if they had joined disorders in those cities.

"That's a federal job," he said.

Four Negroes from Chicago also were arrested in the 10th Precinct. The detective said one of them had been involved in that city's turmoil last summer.

World Flight Cost Totals \$40,000

SALINE (AP)—With a trip around the world behind her, Mrs. Ann Pellegrino now faces a stack of bills totaling some \$40,000.

Mrs. Pellegrino, of Saline, recently piloted a 1937 plane 28,000 miles around the world in commemoration of the last flight of Amelia Earhart.

"The bills are my greatest concern," Mrs. Pellegrino said, adding that she can't give an accurate account of her debts until all the bills reach her. Fuel alone cost \$7,000, she said.

Harvester Pact Talks Up Tuesday

CHICAGO (AP)—Contract negotiations open Tuesday in Chicago between the United Auto Workers and International Harvester Co. The current three-year pact, which covers 41,000 employees, expires Oct. 1.

Romney Accuses The White House Of 'Distortion'

DETROIT (AP)—Gov. George Romney accused the White House today of "a complete and absolute distortion" of what happened in his request for and the disposition of federal troops in Detroit racial violence last week.

Romney said at a news conference that former assistant secretary of Defense Cyrus Vance was quoted by the White House as indicating Romney concurred with him in the delayed commitment of federal troops. The governor added: "Nothing could be further from the truth."

It marked the first time the Michigan governor, a leading prospect for the 1968 Republican presidential nomination, had criticized President Johnson for

the handling of the riot crisis in Detroit last week.

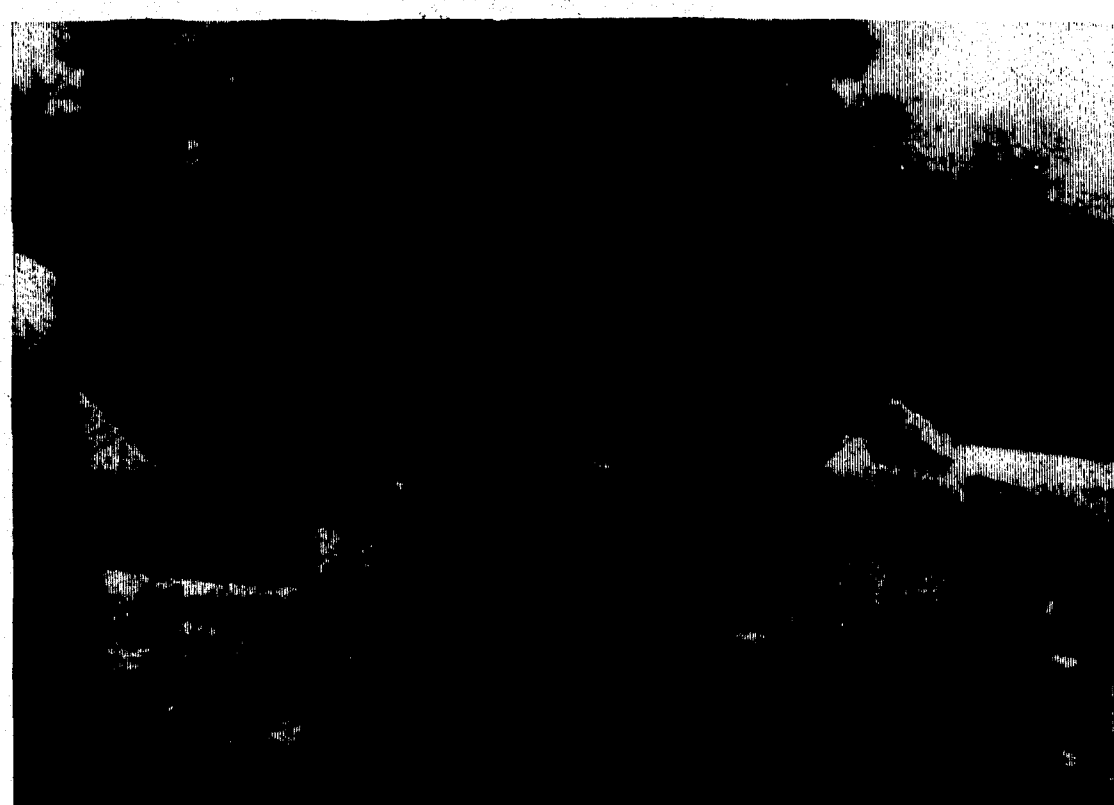

At another point Romney said that Atty. Gen. Ramsey Clark appeared to be making "more a political request than a legal request, everything considered up to that point," in insisting that the governor certify Detroit had an uncontrollable insurrection on its hands.

Minnesota Starts Sale Tax Tuesday

ST. PAUL, Minn. (AP)—Minnesota becomes the nation's 44th sales tax state Tuesday when a 3 per cent sales tax goes into effect.

The tax applies to most retail purchases, but exempts groceries, clothing, prescription drugs and professional services. It is expected to raise \$100 million a year.

The sales tax was enacted last June 1 by a Republican-controlled legislature over the veto of Republican Gov. Harold LeVander.

FLIGHT DECK crewmen heave at a dolly loaded with rockets as fire fighting officers attempt to control fires on the aircraft carrier Forrestal Saturday. Aircraft handling officer stands at left. (U. S. Navy Photo via AP Wirephoto by radio from Saigon).

Forrestal Counts 145 Dead, Missing

By PETER ARNETT

ABOARD THE CARRIER

FORRESTAL. Off Vietnam (AP)—The fireballs that hopped and tumbled toward Lt. James J. Campbell were men, and he stood transfixed beneath the white body of an F4 Phantom jet until he heard their screams.

Then Campbell and scores of other Navy men preparing the jet planes for strikes against North Vietnam flung themselves on the fireballs that seconds earlier had been their buddies.

"We rolled on them, dived on them. Anything to get the fires out," said Campbell, from Homestead, Pa.

"They were screaming and writhing. And as their planes burned up we saw the big bombs fall to the flight deck, glowing red."

5 Days On Station

The young officer was in the midst of the worst U. S. Navy disaster in a combat zone since World War II. He was at the after end of the flight deck of the 76,000-ton carrier Forrestal, that had steamed into the Gulf

of Tonkin five days earlier to join the war against the Communists.

A pilot poised to participate in the war probably had the first intimation that disaster was imminent Saturday. He was Lt. Cmdr. John S. McCain III of Washington, D.C., a graying 30

Ambush Kills 23 Marines

SAIGON (AP)—The ground war in Vietnam subsided again today after one of the most disastrous weekends U. S. forces have suffered.

The U. S. Command said there was no significant action in 33 allied operations. But it reported 23 Marines killed and 191 wounded in an ambush Saturday in the demilitarized zone.

And the ravaged aircraft carrier Forrestal arrived at the Subic Bay naval base in the Philippines with 76 of her crew dead, 69 missing and 64 injured in a series of fires and explosions off North Vietnam Saturday.

The casualty figures for the carrier disaster were a revision from an earlier announcement of 71 dead, 78 injured and 112 missing.

About 800 Marines invaded the buffer zone between North and South Vietnam Friday to raid Communist troops and gun positions and were hit by a mortar barrage Saturday. The Marine toll was at least 39 dead and 150 wounded and might go as high as 50 killed and 350 wounded. Forty enemy dead were reported left on the battlefield.

Alfred Krupp

ESSEN, Germany (AP)—Alfred Krupp von Bohlens and Halbach, owner of West Germany's vast Krupp concern, died Sunday night at the age of 59, a company spokesman announced today.

and the son of the chief of U. S. naval forces in Europe. Hunched over the controls of his A4 Skyhawk, he was third in line from the catapult that was to blast his and the other planes off to North Vietnam.

A loud explosion shook McCain.

Guardsmen Join Police To Quell Racial Terrorism

MILWAUKEE, Wis. (AP)—The City of Milwaukee remained in a state of uneasy calm today, sealed off by police and national guardsmen, after a night of racial violence, fire bombing and gunfire left a police officer and an unidentified woman dead and at least 52 others hospitalized.

The injured included 12 police officers, six wounded in exchanges of gunfire with snipers and the others hurt by flying debris and rocks.

Normal activities in the central city and most of the surrounding suburbs came to a halt after Milwaukee Mayor Henry Maier declared a state of emergency and ordered everyone off the streets "until such time as the police department tells us the situation has returned to normal."

Wisconsin Gov. Warren P. Knowles sent 900 national guardsmen into Milwaukee with another 500 standing by at out-state armories.

Maier said he would not hesitate to call for federal troops if necessary to control the situation and Knowles said the state would stand behind Maier for "anything he wants."

The uneasy calm came to Milwaukee with the coming of daylight and a thunderstorm, which drove rioting Negroes to shelter and helped firemen control many of the 70 fires which were started in the city's inner core.

Start At 1 a.m.
Police and guardsmen cordoned off an area of some 30 square blocks along N. 3rd St.—a main north-south artery—where the trouble started about 1 a.m.

The area had been the scene of trouble early Sunday morning as more than 50 policemen dispersed a racially-mixed crowd of about 350 persons who gathered after a fight broke out between two Negro women.

The unruly crowd, which tossed bottles, bricks and a garbage can at police and through store windows, was broken up about 3 a.m.

Streets in the inner core area, where most of the city's 86,000 Negroes are concentrated, were littered with glass and fruit. Store fronts were smashed and several buildings and homes smoldered in ruins this morning.

125 Arrested
At dawn, more than 125 persons had been arrested and 83 injured. Police said they shot one sniper on Center St., which runs through the heart of the Negro section. Other hidden gunmen pinned down officers and various times had hampered firemen in their efforts to control blazes set by firebombs.

The bodies of the Milwaukee policeman, who was not immediately identified, and the woman were found near a burned-out sniper's nest.

Maier ordered all gas stations and liquor stores closed

until further notice. The National Guardsmen set up a command post at a warehouse in the heart of the troubled zone and armed squads began to patrol the streets in jeeps.

Looting was widespread and there was a report that roving gangs of Negroes had invaded the predominately white populated south side of the city.

In spite of President Johnson's call for a day of prayer for civil and racial peace, trouble also broke out in Portland, Ore., Riviera Beach, Fla., Wichita, Kan., and Cleveland, Ohio.

In Portland, 500 guardsmen stood by at an airbase on the city's outskirts after Negroes smashed dozens of store windows and threw rocks and bottles at police. Nineteen arrests were made.

Firemen Dodge Rocks
In Cleveland, firemen dodged bottles and rocks as they put out firebomb blazes.

A sheriff's spokesman in the Florida city north of Palm Beach said about 400 Negroes stoned officers and may have set a lumberyard fire. Spokesman Robert Widmann called the situation a riot. Police used tear gas to disperse the crowds and made at least 13 arrests.

Wichita's acting mayor, Negro Councilman A. Price Woodward, ordered an emergency curfew after crowds of Negro teenagers threw rocks at cars and firebombed two grocery stores. The Negroes went quickly home after the curfew order.

Detroit Quiet
As these areas flared Sunday and today, federal paratroops withdrew from Detroit to bivouacs just outside the city, leaving National Guardsmen and state and city police to walk patrols along the city's wrecked streets. It was Detroit's quietest night since July 23 when the rioting that took 41 lives began.

A contingent of 500 guardsmen started leaving Toledo, Ohio; a curfew and state of emergency were lifted in Phoenix, Ariz., where gunfire had cracked, and New York City's Spanish Harlem and Brooklyn's Bedford-Stuyvesant sections were free of disturbances Sunday night.

Calm also returned to Elgin, Ill., where violence had broken out Saturday. There was a fire-bombing early Sunday in New Castle, Pa., but no other serious incidents. Racial peace was maintained in Poughkeepsie, N.Y., north of New York City, and a state of emergency there was lifted.

Don't Send Me Home Is Prayer Of Detroit GI

DETROIT (AP)—"Don't send me home, please Lord. For home is the height of folly. After all, here in Vietnam we have but one airborne unit, and at home we have two."

Thus wrote Spec. 4 George Mason from Bien Hoa, Vietnam, in a letter to the Detroit Free Press today.

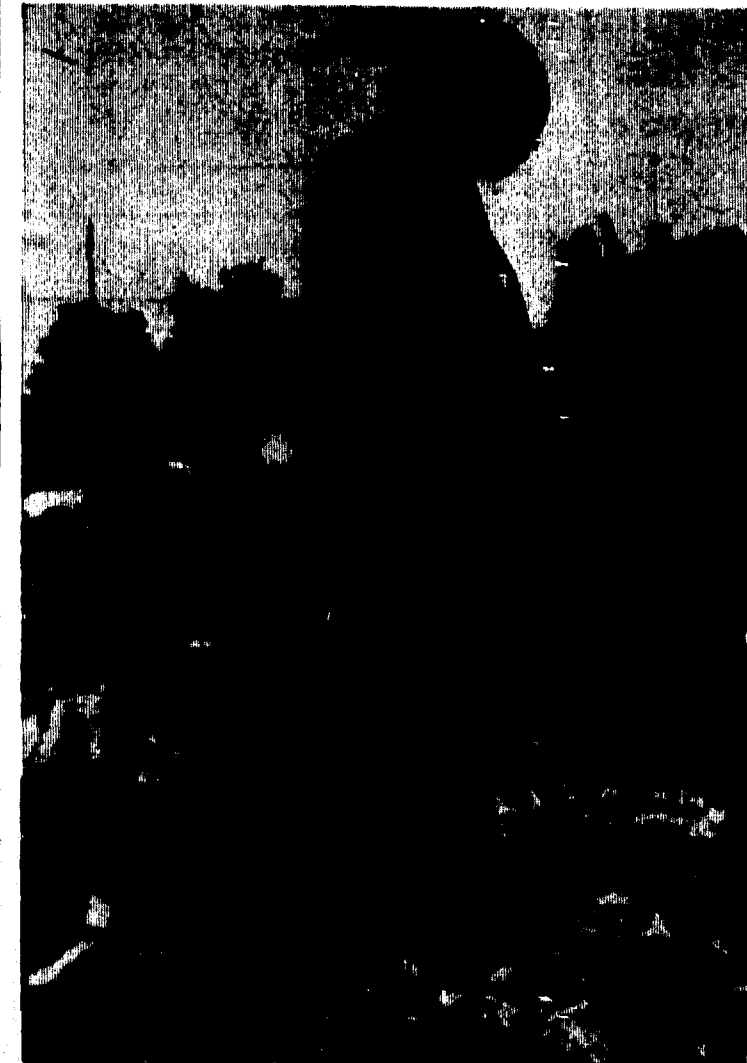

Mason added: "President Kennedy said that man can be as big as he wants and that no problem of human destiny is beyond human beings. Was he right?"

"I am from an all-white suburb of Detroit. Living in the same barracks with me here at Bien Hoa is a friend of mine, a Negro, from the city of Detroit. We two have no problems except worrying about our homes, families, neighborhoods and country."

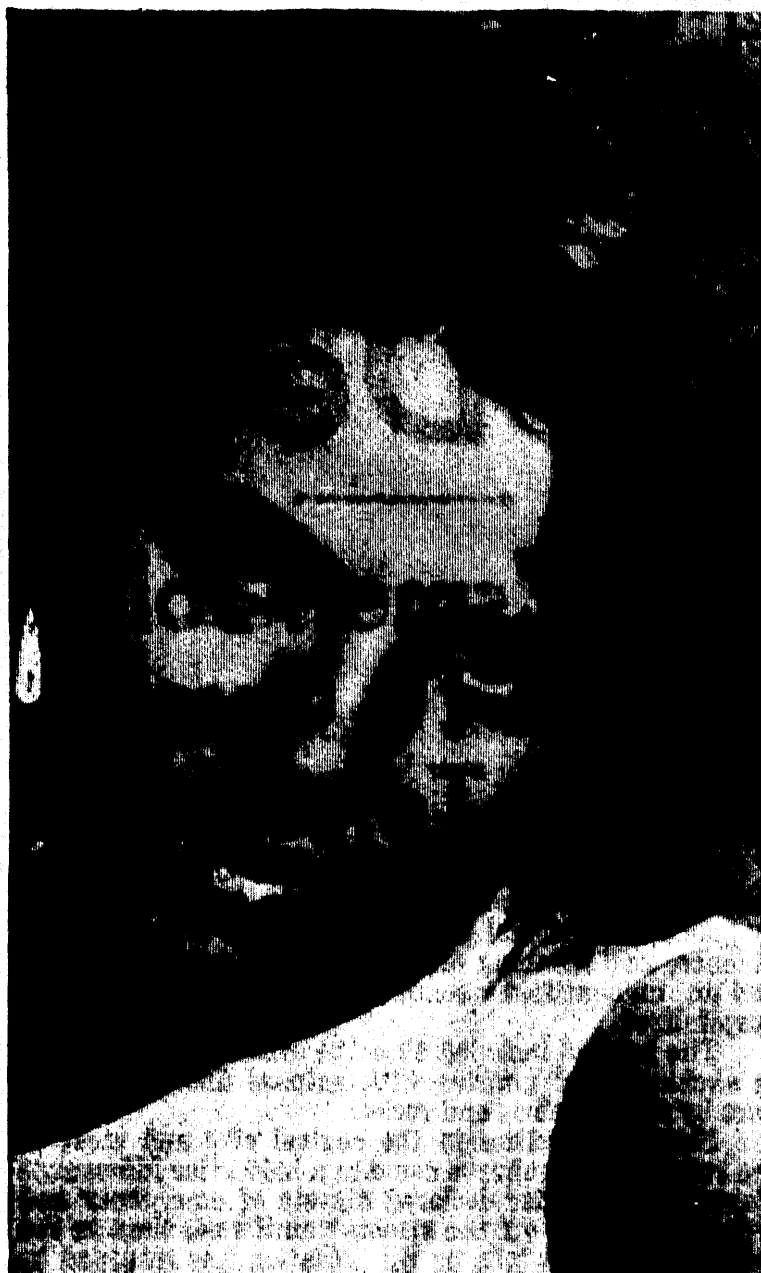

"No, don't send me home, Lord, I'm too young to die and too old to cry."

Dairy Shows Start In U.P.

The Menominee County Dairy Day picnic at Shakey Lakes County Park west of Stephenson on Saturday marked start of the Upper Peninsula's series of dairy shows. Some are fairs and some are the successors to fairs, like the Menominee County picnic.

Earliest of the events was the U.P. Black & White Regional Show at Norway on July 22. Jack Little of Chatham, U.P. Extension dairyman, announces the following schedule of shows exhibiting the Upper Peninsula dairy herds.

Baraga County DHIA and 4-H Shows, Aug. 8, Pelkie.

Houghton County 4-H Show, Aug. 9, Houghton.

Iron County Open Class and 4-H Shows, Aug. 11, Iron River.

Alger County Dairy Day, Aug. 12, Chatham.

U.P. State Fair Breed and 4-H Shows, Aug. 13-20, Escanaba.

Gogebic County Open Class and 4-H Shows, Aug. 18, Ironwood.

Mackinac County Open Class and 4-H Shows, Aug. 26, Allenville.

Chippewa County 4-H and FFA Fair, Kinross, Sept. 2.

Dickinson County Open Class and 4-H Fair, Norway, Sept. 2.

State Auction Of Excess Road Lands Scheduled

The State Highway Commission will offer 25 parcels of excess land in Alger, Delta and Schoolcraft counties at public auction Aug. 17.

The auction will begin at 2 p.m. in the State Office Building, 303 Ludington St., Escanaba.

Seven of the properties offered are in Alger County, 11 in Delta County and seven in Schoolcraft County.

Minimum opening bids, determined by recent appraisal, range from \$10 to \$5,300, and sizes of properties from 15 square feet to three and one-half acres. Thirteen of the 25 properties have opening bids of \$10 to \$75.

Printed notices containing legal descriptions and sketches of the properties may be obtained from Bud Randolph at the district office of the Department of State Highways, Newberry, or from the Excess Property Section, Procurement Division, Department of State Highways, Mason Building, Lansing.

Properties bid to more than \$5,000 may be purchased on land contract.

Fairmont Acquires U-Tote'm Stores

Merger of U-Tote'm, Inc., into Fairmont Foods Co., has been approved by stockholders of both companies. "U-Tote'm" will operate as a Division of Fairmont. It is an operation of more than 300 convenience stores located primarily in the Southwest and Southeast, with net sales of \$33,241,108 and net income of \$913,448 for the fiscal year ended March 31.

Touring Tembys View West Before Turning Again Toward Home

By L. J. TEMBLY

Exactly one year ago today, July 10, 1966, we left Escanaba and now with 16,368 miles behind us, we feel we have much to be thankful for. Our health and luck has been good and we have always been able to find a good spot on which to park our Airstream.

We've met a lot of our close friends again and have seen some of the most beautiful scenery on earth. We've been able to do all this in leisurely manner—which is as it should be when you are retired.

We left Oak Creek Canyon on July 1 and inside of 5 hours we were parked in the campground at Grand Canyon National Park for a week's stay. I do not have the words to describe the spectacle even after viewing it for a week. The Canyon is from 1 to 18 miles in width and approximately one mile deep. The good highway along the South Rim gives one about 35 miles of excellent viewing.

Majesty of Zion
It is high country—about 7,000 feet—so we didn't attempt any strenuous hikes. The easiest way down and back is by mule-back. That's not so easy either, so a couple of our neighbors told us. They made the round trip and were barely able to sit down for a couple of days.

From Arizona we entered Utah for the first time—and what a beautiful State it is! We had planned on five days in Zion National Park but we stretched it into 10. Zion canyon probably elicits more "Ohs" and "Ahs" than any other National Park.

The tremendous walls and vivid coloring made a great emotional impact on us as we suddenly broke into the canyon from the west exit of the 5,607 foot long tunnel. Great cathedral-like cliffs, spires, temples and domes rose almost vertically all around us and everything is as massive as it is colorful.

One does not hear as much of Zion as of other National Parks—especially in the East

and Midwest. But take our advice—if you are ever in Arizona or Utah—Do not miss it! Actually it thrilled us more than the Grand Canyon.

Fantastic Figures

Bryce Canyon National Park is only 88 miles from Zion and enroute the highway lies along the floor of Red Canyon—a brilliantly colored area which hints of the beauty to be found inside the Park. Two tunnels have been carved through the delicately tinted cliffs.

Luckily we again found a fine large trailer spur in the North Campground—long enough for our trailer and car. We had our own picnic table and fireplace with large ponderosa pines furnishing shade. The weather was perfect—75 to 80 degrees by day and 35 to 40 degrees at night. With the 8,000 foot elevation it really made for great sleeping.

After visiting 22 National Parks and Monuments we are inclined to give Bryce the "blue ribbon". It is one of the most astonishing blends of exquisite and grotesque beauty ever produced by the forces of erosion. The Canyon contains a series of horseshoe-shaped amphitheaters which extend limestone formations. It is filled with myriads of fantastic figures decorated with all the colors of the spectrum.

Salt Lake City

In addition to short walks we took a couple of fairly strenuous hikes while at Bryce. In both cases we were rewarded with breathtaking sights. Six days in Bryce is little enough but we'd made a week's reservation at a Salt Lake City trailer park for June 28.

Salt Lake is a delightful city, laid out foursquare with the compass, with wide tree-lined streets and very large blocks. We hit a warm period—up to 97 degrees but with low humidity.

We had listened to the famous Tabernacle Choir and Organ on radio, TV and records for years but always looked forward to the day when we could actually attend a concert. But when we walked

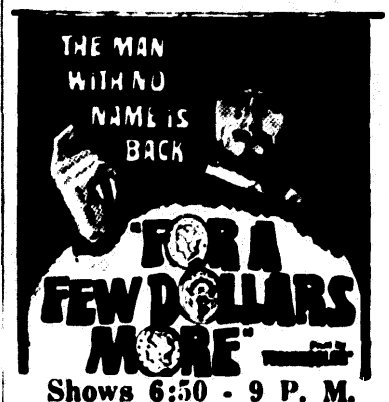

through the Tabernacle doors at 8:15 a.m. on Sunday, July 2, we were still hardly prepared for the magnificent music that greeted us. We were completely overwhelmed! We also attended two fine organ recitals—there are two each day. What a treat for music lovers!

Homeward Bound

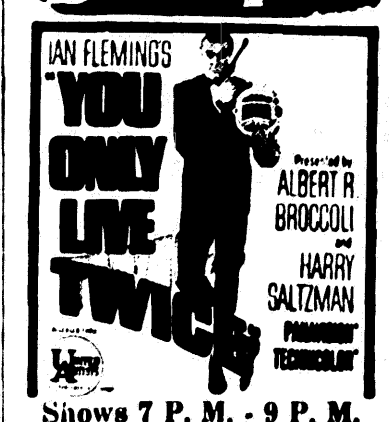

Temple Square is 10 acres of beautifully landscaped grounds, surrounded by high walls and dominated by the six-spined Temple. The building is 186 x 99 feet with walls 167 feet high. The highest spire, bearing the statue of the angel Moroni, is 210 feet above the ground. It took 40 years to build with much of the stone hauled 25 miles by ox-team.

We also visited the very interesting Mormon Museum, the Visitor Center—the like of which we've never seen—and the Assembly Hall. Everything in the Square is free—the schedule of events reads, "No collections or gratuities". However, only Mormons in good standing can enter the Temple. One cannot but admire the great courage and determination exhibited by the Mormons in reaching their religious haven in the beautiful and fertile Salt Lake Valley on July 24, 1847.

We're leaving here early Wednesday morning for British Columbia and the Canadian Rockies. At this point we are beginning to count the days until we reach Escanaba in early September. We're getting lonesome for our relatives, our friends and our town.

Reagan To Have Surgery Today

SANTA MONICA, Calif. (AP)—Gov. Ronald Reagan is scheduled to undergo minor surgery today for the removal of small stones obstructing his bladder.

The decision to operate was made by the Reagan family doctor, Dr. John Sharpe, after the governor went through his yearly physical examination Friday and Saturday.

The 56-year-old Republican governor was readmitted to St. John's Hospital in Santa Monica Sunday evening.

Detroit Christians Seek Riot Answer In Prayers

DETROIT (AP)—It was a day of prayer over a national shame, but for worshippers in the shadow of the rubble of Detroit's riot it was a day of reflection.

For many victims of the violence it was a last ditch effort to find hope.

"A Mighty Fortress is Our God," sang the members of one church.

"In the Time of Tragic Conflict" read the signboard in front of St. Mark's Community Church, located on 12th Street, one block from where the week-long tragedy began.

Across the street stood the ruins of two apartment buildings, flames still shooting from a broken gas line. On the side-walk in front of St. Mark's three national guardsmen still stood vigil.

Inside the church, the Rev. James Cannon told his all-Negro congregation, "No matter what happens to this city or this nation, life must go on."

The sermon was a promise of hope in the midst of tragedy. It was a two-sided appeal for involvement and transcendence.

In It Together
"The soul brother and the blue-eyed soul brother—we're all in it together," said the pastor.

"We have prostituted religion. In the South, it is the churches which are the targets of violence, not the businesses."

"But this morning we came to church and it's still standing here, while across the street buildings are destroyed."

"Perhaps our churches here in Detroit were left unharmed because we really don't matter to the people."

While condemning the violence, the Rev. Mr. Cannon hinted that what happened in Detroit was just part of a history of demonstrations by the oppressed which began with Negroes singing "Nobody Knows the Trouble I've Seen" in southern cotton patches.

Protest In New Ways
Our ancestors were demonstrating in the only way they could in their day; today there are other ways, he said.

"But you and I, as Christians, must have hope in the future, he said. It won't do any good to blame this on white people or on Black Power."

"This is not the time for pointing the finger of scorn, this is the time for rebuilding."

"Until we get down to the gritty-gritty, until we really practice and believe religion, we won't do any good."

Worshippers at the nearby Community Christian Reformed Church were told to look on the violence, like Job of old, as a

test of their faith and a challenge to "serve the Lord even more."

The pastor is the Rev. Harold Botts, a white man. His integrated congregation was organized

Like Band-Aid On A Cancer

DETROIT (AP)—The week of burning, looting, destruction and death from which the nation's fifth largest city has begun to emerge could become Detroit's finest hour, Michigan's Episcopal-bishop said Sunday.

"Antiriot legislation alone is like putting a Band-Aid on cancer," the Rt. Rev. Richard S. Emrich told a racially mixed congregation in St. Paul's Cathedral, within earshot of bullets fired in the major areas of destruction.

This was a monstrous product of former wrongs," he said. "It was really a cry for help. It takes a great soul to see that and I hope you all see it."

Several blocks north on hard-hit Woodward Avenue from St. Paul's Cathedral, the Most Reverend John F. Dearden Archbishop of Detroit, spoke in the Cathedral of the Most Blessed Sacrament.

Across the street, a smashed and looted store had been boarded with plywood.

"There is nothing to be earned by stressing lawlessness," Archbishop Dearden said. "We must be prepared to work to eliminate discrimination. Every man must put forth every sacrifice for his fellow men."

Detroit Mayor Jerome Cavanagh and three of his sons sat in the center of the church as television cameras whirled. About a dozen National Guardsmen filed in and sat down among the 350 worshippers—about half Negro.

ized less than five years ago as a neighborhood evangelism project of a Grand Rapids based denomination.

Question Is Why?

"I was asked many times on the street—why?" said the Rev. Mr. Botts in his sermon to 44 Negroes and 34 whites, many visitors from the denomination's suburban congregations.

"Why my community? Why my street? Why my house? But neither I nor the police nor the commissions nor the city officials know the answers to that."

"It would be nice to see new stores, new shopping centers, new parks where the rubble now stands, but the real hope that a Christian has goes beyond all that which new economic hori-

ons can promise," he said. "I have hopes for a better community, but I have a bigger hope—namely that you will put your trust in God."

The Rev. Mr. Botts said that only one family in the congregation had suffered damage to their home, but that the church was furnishing food, clothing, bedding and transportation to stores to all members of the community who requested it. He said the church's neighbors on Pingree believe their homes were spared because of the church.

"I believe there are people on the street that are more open to me since this thing happened," he said.

"Let us pray that this experience will strengthen our congregation and cause us to serve the Lord more. His promise is peace to those who love him."

The minister chose a closing song which he said expressed the role of the church in the community:

"May it guide the poor and blind,
Seek the lost until it find,
And the broken-hearted bind."

Cruiser Burns In Chicago Harbor; No One Injured

CHICAGO (AP) — A 35-foot cabin cruiser burned to the waterline Saturday evening in Monroe Street Harbor near downtown Chicago after it exploded while taking on fuel.

Owner Lawrence Shearer, 37, of Benton Harbor, Mich., and three passengers were forced to jump overboard. The boat, called "Cut Up," crashed into another cabin cruiser after it was set adrift. The other boat, "Pink Cloud," sustained slight fire damage.

Shearer estimated damage at \$5,500.

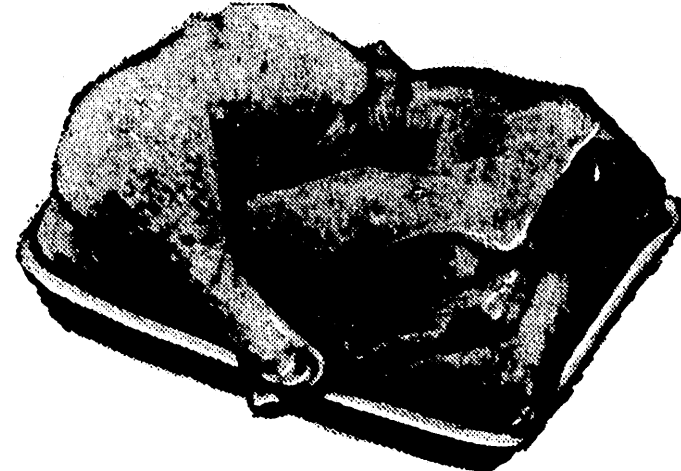

Shearer told newsmen the explosion occurred at the Chicago Yacht Club. He and his passengers, none of whom were injured, had come to the city for lunch.

Also aboard were Sgt. James Berry, 36, of the U.S. Army Recruiting Headquarters at New Castle, Ind.; Vince Caropepe, 36, and Dieter Buchhorn, 30, both of Benton Harbor.

ALWAYS FLYING

Mt. Suribachi, site of the famous flag-raising by the Marine Corps during World War II on Iwo Jima, is one of the few locations in the world where authority has been given to fly the U. S. flag night and day.

Earthquake In Venezuela, Toll May Reach 300

CARACAS, Venezuela (AP) — The governor of the Caracas area says the death toll in Venezuela's earthquake may reach 300 when workers clear away the rubble from tall apartment houses that crumbled in seconds.

Gov. Raul Valera made his prediction as workers using cranes and bulldozers removed 50 bodies from the rubble Sunday. An official called the earthquake which devastated western Venezuela Saturday night the worst of the century and the government said it injured 1,522 persons.

The U.S. State Department had reports of two U.S. citizens killed in the quake—Emilio Cabrera, a naturalized U.S. citizen of Cuban birth who worked as a musician at the Macuto-Sheraton Hotel near Caracas, and a man identified only as Eduardo Parra Nes.

Many of the 15,000 U.S. citizens in Venezuela live in the quake zone, which extended from Caracas on the east to the Andes border with Colombia on the west.

Authorities in Colombia said 10 persons were killed and 100 injured in two quakes which hit Colombia Saturday, striking hardest in Santander and Boyaca states near the Venezuelan border and about 220 miles northeast of Bogotá.

After the largest jolt at 8:05 p.m., walls kept crumbling throughout Saturday night. Thousands of persons camped out away from tall buildings. Many drove to empty lots and slept in their cars.

Caracas changed from a city of gay parties, celebrating the city's 400th birthday, to a chaotic picture of rubble, sweating rescue workers and sobbing relatives sitting on curbs across from fallen apartment houses.

Traffic Kills 13; Five Drown Over Weekend In State

By The Associated Press
A two-car collision on I 75 near Flint killed a 26-year-old couple Sunday as Michigan's weekend highway death toll rose to 13.

State Police said Dale and JoAnn Dorn of Flint were killed with an auto traveling southbound on the wrong side of the divided highway.

Five persons drowned in Michigan waters during the weekend.

Briefly Told

A. R. Howard, director of university relations at Michigan Tech, Houghton, has resigned his post to become head of information services at the Edwardsville, Ill., campus of Southern Illinois University, which has an enrollment of 8,000.

Gladstone police ticketed Gary E. Mattson of Rapid River for excessive speed; Joyce E. Leach Old State Rd., Escanaba, for defective equipment; and David J. Gagnon, 212 S. 6th St., Gladstone, improper left turn.

Escanaba police have issued traffic court summonses to John A. Ferrari, 209 N. 13th St., no headgear while riding a motorcycle; Rodney J. Goodchild, Escanaba Rte. 1, defective lights and to Charles A. Olson, 320 S. 15th St., failing to yield the right of way.

Robert Johnson, 10, of 321 S. 18th St., accidentally caught a fishing hook through his left ear while casting at the Escanaba yacht basin Sunday afternoon. He was taken to St. Francis Hospital by city police.

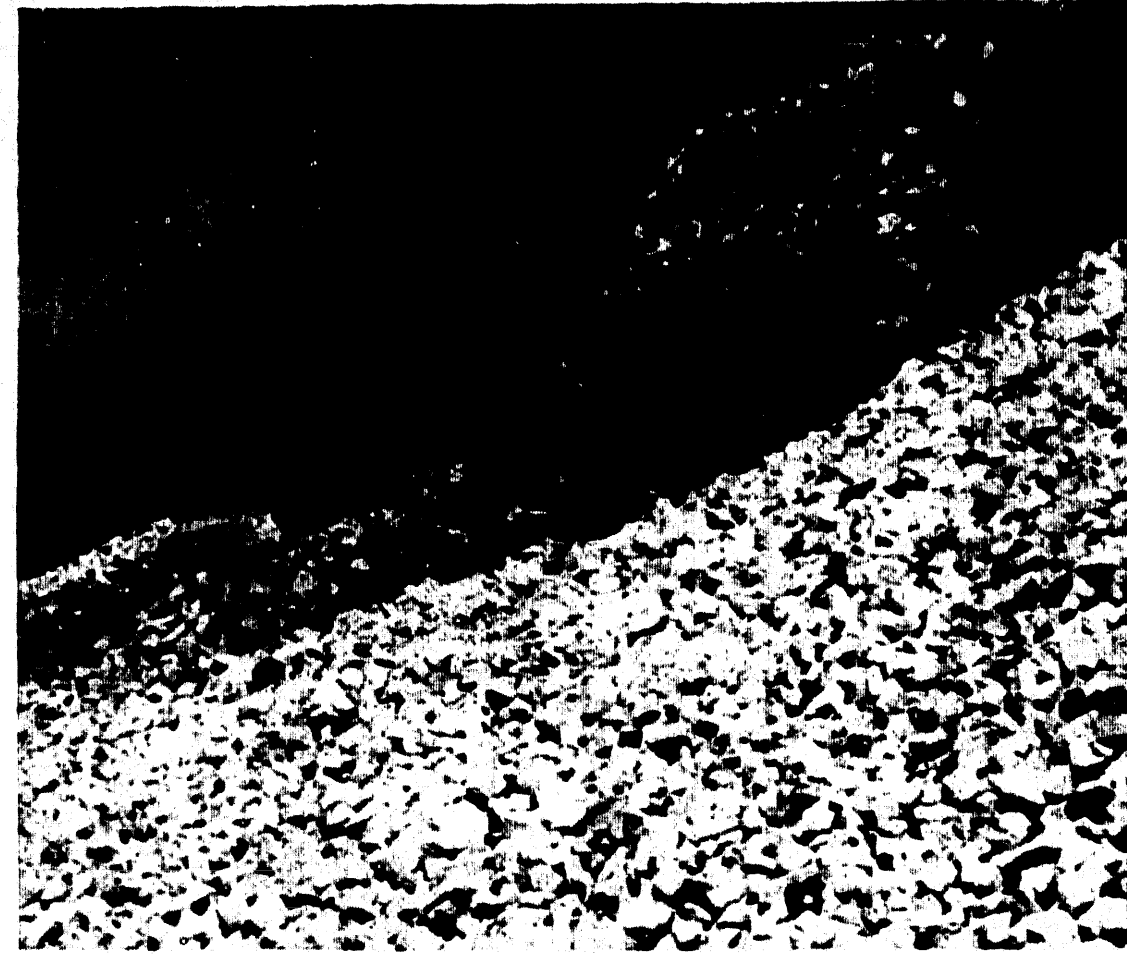

An automobile owned by Jack R. Spencer of Milwaukee was damaged when it was struck by the caboose of a Chicago & North Western Railway train in the railroad yards north of the county jail Sunday afternoon. Spencer had gone fishing and had parked the car too near the tracks.

Roger D. Richards, 22, of Gladstone Rte. 1, was sentenced to serve two days in the Delta County Jail after pleading guilty in Municipal Court to driving on a revoked license. He must pay a fine and costs of \$30 within five days or spend an additional 30 days in jail. He was arrested by Escanaba police Saturday night.

The Red Buck District picnic of Boy Scouts and Scouters will be held in Pioneer Trail Park at 3 p.m. Sunday, Aug. 6 with a program planned for all members of Scout families, who are asked to bring a picnic lunch.

Jefferson Cub Pack 411 held a picnic in Ludington Park Sunday with over 80 persons attending. Awards were given in the June kite contest and in the candy hunt. Two Cubs got the candy out of the water fountain.

High Magnesium Stone Makes Industry

QUARRY STONE is dumped at the plant of U.S. Steel Corp.'s Cedarville quarry, one of the major stone suppliers of the big steel making corporation. It also has operations at Rogers City, Mich.; Buffalo, N.Y.; Conneaut, O.; Hillsville, Pa., and Millville, West Va. (U.S. Steel Photos)

U.S. Steel Runs Big U.P. Quarry

One of the major stone industries on Northern Michigan's Riviera along Lake Michigan and Lake Huron is operated by U.S. Steel Corp. at Cedarville in the picturesque Les Cheneaux Islands.

There the big steel making firm created its Port Dolomite and to it brings stone from its quarry 5 miles inland by railroad.

The big quarry operation, along with those of Inland Lime & Steel Co. (Inland Steel Co.) at Port Inland, and Drummond Dolomite, Inc., on Drummond Island gives the area its biggest industry. In prospect as a fourth major venture is a Bethlehem Steel Co. quarry in the Point Patterson area, where field studies are in their second year.

U.S. Steel's Port Dolomite is on McKay Bay on Lake Huron 34 miles south of Sault Ste. Marie and the quarries are three miles east of Cedarville. Construction began in 1953 on the quarry, railroad and dock, and the crushing and screening plant. Self-unloading vessels of U.S. Steel's Limestone Fleet carry away the stone.

Near Surface
The limestone deposit being worked is near the surface with very little overburden. It is a

Pedestrian Hit, Injured By Car

Eugene Daigenault, 43, of 1212 1st Ave. N., is reported in fair condition today at St. Francis Hospital where he is receiving treatment for injuries suffered when he was struck by a car while crossing Ludington St. early Sunday morning.

He suffered numerous contusions and abrasions and a painful injury of the right leg. The car that struck him was driven by Kenneth W. Kelloniemi, 27, of 625 S. 16th St., city police reported.

Officers said Kelloniemi told them that in the 1300 block of Ludington St. at 2:40 a.m. Daigenault walked from behind an oncoming vehicle into the path of his car. He said he was traveling about 27 miles an hour.

Kelloniemi told officers he was unable to avoid striking Daigenault although he applied the brakes. Daigenault's shoes were knocked off his feet by the impact and landed 43 feet away.

North Western's Earnings Decline

Chicago & North Western Railway today reports consolidated net income of \$12,101,931 for the first six months of 1967 compared with \$17,494,140 for the first half of 1966. Results for the first half of 1966 have been restated to reflect the effects of increased divisions on transcontinental traffic for the six months period and also to include extraordinary items in accordance with Opinion No. 9 of the Accounting Principles Board of the American Institute of Certified Public Accountants.

Net income per common share, after provision for preferred dividends, was \$6.67, compared with \$12.50 for the first half of 1966.

Net income for the second quarter of 1967 was \$8,276,752 compared with \$1,644,681 for the second quarter of 1966.

part of the Engadine Formation in the Niagara Series of the Silurian System of limestones. In Chemical content it is about 45 per cent magnesium carbonate and 55 per cent calcium carbonate, with only about one-half per cent of impurities. It is exceptionally low in silica, phosphorous, and sulphur content.

Because its magnesia content is in excess of 21 per cent, the stone's qualities made it desirable for metallurgical and chemical usage and also for concrete aggregate, agricultural lime, and many other uses.

Started in 1955
The magnesium-bearing stone from Cedarville complements the high calcium stone from U.S. Steel's quarry at Calcite, near Rogers City in Lower Michigan, for industrial usage.

The Cedarville plant started operation in April, 1955 after geological studies extending back into the 1940s. The present quarrying is at a site where the stone is of exceptional high purity, containing nearly 100 per cent calcium and magnesium carbonates.

The port was located on McKay Bay to the advantage of its natural harbor, with a deep channel only a few hundred feet offshore and ample protection from weather during boat loading by the sheltering islands of Les Cheneaux archipelago.

The operation was created in a wilderness setting in an area of sparse population, 30 miles from the nearest railroad.

Buy 10,000 Acres
For years U.S. Steel's Michigan Limestone Division had quarried a quality limestone at its Calcite plant near Rogers City which was well suited to use in blast furnaces and open hearth furnaces and also excellent for cement making. Much of its goes to U.S. Steel's Universal Atlas Cement Co.

The deposits of Calcite consist of two thick layers of high calcium limestone separated by a thin layer of magnesian or dolomitic limestone. Forty years ago there was little demand for limestone containing magnesia, but since then there was a steady increase in its use in iron and steel-making operations.

To obtain the highest quality dolomitic limestone, termed dolomite, U.S. Steel bought 10,000 acres of land where the quarry and port are now located near Cedarville.

3 Million Ton Plant
The Cedarville stone was produced to supplement the Calcite stone, blending the high calcium stone with high magnesia stone. The annual rated production of the quarry is about 3 million net tons.

Electric power for the operation is supplied by Edison Sault Electric Co.

The origin of dolomite is not so well understood as that of limestone. Many researchers think that all dolomite was deposited as limestone which was later chemically altered by substitution of part of the calcium carbonate by magnesium carbonate.

Coarse-grained dolomite like the Cedarville stone probably originated in this manner and the recrystallization that resulted as a product of the "dolomitization" of the original limestone destroyed most of the remains of marine life entrapped in the limestone.

How this great change took place is not known, but the original limestone was deposited in the sea beds of the Silurian period of geologic history about 350 million years ago.

A POWER SHOVEL loads a truck in the Cedarville quarry of U. S. Steel Corp. The bulldozer helps to push stone to fill the big bucket of the shovel. The face of the quarry and a drilling rig which creates blast holes to break up the stone are visible at the top of the picture.

U. S. STEEL CORP.'S Port Dolomite at Cedarville on the north shore of Lake Huron in Les Cheneaux Islands is pictured at bottom right with the man-made harbor structure jutting out in an "L" shape from the tip of the peninsula and the railroad running back inland to the right to the company's quarry five miles inland.

Rat Damage Is Rated \$1 Billion

WASHINGTON (AP) — A congressional committee estimates the rats which infest America's slums cause close to \$1 billion property damage a year.

And a federal health official suggests the psychological toll exacted by rats from slum-dwellers may be equally costly.

In a recent report, the House Banking and Currency Committee estimated the U.S. rat population at some 90 million or about one for every two people and said each rat causes about \$10 damage a year.

Dr. Allan W. Donaldson, associate director of the U.S. Bureau of Disease Prevention and Environmental Control, said Friday an equally serious aspect is the psychological impact rats have on slum-dwellers. "They're pests, they're dirty and they're frightening," Donaldson said.

He noted rats also spread disease through slums—often by biting victims, the majority of them children.

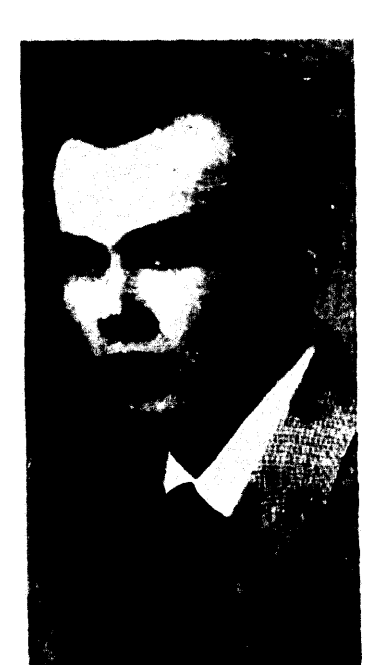

New York City alone reports up to 600 rat bite reports a year, said Donaldson. He estimated the true total nationally probably is far higher than statistics show because, as the House committee noted, "many persons are reluctant to report rat bite incidents" and such reports aren't required throughout the nation.

Ohman, Railroad Engineer, Retires After 47 Years

The retirement of Alfred J. Ohman of 1211 Stephenson Ave., an engineer on the Chicago & North Western Railway streamliner and an employee for 47 years, became effective on Sunday.

Ohman made his last run with the North Western when the streamliner arrived in Escanaba Sunday morning. He will continue to live in Escanaba, with more time to enjoy his hobbies of gardening, fishing and some travel.

Employed first as a fireman beginning June 10, 1920, he was promoted to engineer on Oct. 12, 1952, and for the past year was on the streamliner. Prior to that he was engineer on a freight between Green Bay and Escanaba.

FUNERAL SERVICES for Louis Skoglund were held at 9 a.m. today at St. Anthony's Church in Wells. Rev. Norbert Freiburger officiated and burial was in Garden of Rest Cemetery. Honorary pallbearers were members of the Amvets. Active pallbearers were Ronald Vandresse, Duane Marenger, Stan Lundquist, Jim Paquin, Francis Smith and Ken Smith. Al Provencher conducted the military rites.

Forrestal Counts 145 Dead, Missing

aid plane launches and recoveries, was splintering under constant explosions of 750- and 1,000-pound bombs. Some holes in the 2-inch steel deck were 20 feet across.

"The kamikaze pilots in World War II couldn't have done this much damage," one veteran said.

Hot Noon Sun
For the first hour of the battle, fought on the azure blue South China Sea in the hot noon sun of a clear tropical day, Capt. Beling had to consider the possibility that the whole ship, with its crew of 5,200 men, would be destroyed.

"It was absolutely in the realm of possibility that we could have lost the ship," Beling said.

"To avert this, Navy men were braving death to grapple with burning planes and red hot bombs.

Lt. Robert E. Cates, 24, of St. Petersburg, Fla., a bomb disposal expert, disarmed two smoking 750-pound bombs on the flight deck while fire raged around him. Later Cates was lowered down a smoking hole in

Police Continue Investigation In Automobile Thefts

Escanaba police today continued their investigation into the epidemic of auto thefts that is believed the work of juveniles.

There were four cars reported stolen on Saturday and other reports of auto thefts came to police over the weekend.

The car owned by John Whitman, 1506 N. 19th St., was recovered where it had been abandoned on the north bay shore; an auto owned by Gerald Hansen of 310 N. 18th St., was recovered after it was abandoned at Hyde west of the city; and Mrs. Frederick Deno of 214 N. 14th St. reported her car missing on Saturday.

Obituary

FRANK J. BROCK
Funeral services for Frank J. Brock of Gladstone were held at 9 a.m. today at the Skradski Funeral Home with Mgr. Matt LaViolette officiating. Burial was in the Fernwood Cemetery. Pallbearers were Mike Vargo, Joseph Goodman, Ed Haga, Larry Gagner, Daniel Rivers and George Rivest.

Mrs. VICTORIA COLUMB

Complete funeral services for Mrs. Victoria Columb were held at 10:30 a.m. today at the Anderson-Johns Funeral Home in Gladstone. Rev. Phillip Mellie officiated and burial was in the Rapid River Cemetery.

Campout

Twenty-eight Boy Scouts from Escanaba River Troop 473 participated in a troop campout at Twin Springs Park Thursday through Saturday. The scouts were led by Scoutmasters Francis Lancour and assistants Don Theoret and Russell Poma.

Bighorn In School

VANCOUVER, B.C. (AP)—Mary's little lamb might be tolerated in school but a Rocky Mountain bighorn sheep? That's what a janitor found in the hallway at University Hill Elementary School. It had walked out of a research pen at the University of Columbia.

the steel deck to disarm two more.

At the height of the fight to save the ship half of the ship's crew were directly involved.

Allies Rebuff U.S. Aid Plea

WASHINGTON (AP)—The political turbulence two of his envoys are encountering on a flying Far Eastern trip points toward fresh difficulties between President Johnson and Congress over Vietnam.

Gen. Maxwell D. Taylor and Clark Clifford, representing the President in a search for larger allied troop commitments, already have encountered a couple of diplomatic rebuffs and possibly face more.

Congress almost is unanimous in the belief that U. S. allies should contribute many more men to the Vietnam war that Johnson says is aimed primarily at saving Asia from communism.

There is sharp, though usually subsurface, criticism of the Philippines, Australia and New Zealand for not supplying more of the fighting manpower which says must be beefed up to retain the offensive in the conflict with the Communists. Westmoreland is U. S. commander in Vietnam.

South Korea draws praise from U. S. senators and representatives for its willingness to contribute fighting men, even though there is general recognition the United States pays its costs.

If Taylor and Clifford fail to interest the allies in providing more troops, this may mean a heavier dispatch of U. S. combat forces to Vietnam and give new ammunition to congressional critics of Johnson's war course.

Mart Widens Its Gains Early Today

NEW YORK (AP) — The stock market widened its gains on average early Monday. Trading was lively.

The Dow Jones industrial average was up more than 3 points following a thin gain at the start.

The average was helped by General Motors and United Aircraft, each ahead more than a point.

General Electric's rise of about 2 1/2 also boosted the blue chip averages.

IBM rose 3 and Control Data nearly 4. Xerox rose 1.

First Western Financial opened late on 21,000 shares, of 1/4 at 3 1/2. The New York Exchange plans to suspend trading in it Aug. 2.

Wm. C. Jensen Taken By Death

William C. Jensen, 76, of 314 S. 17th St., died at 1:30 a.m. today at St. Francis Hospital where he had been a patient for five hours.

He was born Aug. 24, 1890 in Stonington and had resided in Escanaba most of his life. He was the retired manager of the Hansen and Jensen Oil Co.

Mr. Jensen was a member of the First Presbyterian Church, Delta Lodge 195, F. & A. M., and the Walter W. Cole Post, American Legion of Gladstone.

He is survived by his widow, Anna of Escanaba; a stepson, Stuart Jensen of Milwaukee; a stepdaughter, Mrs. Ruth Campbell of Livonia, Mich.; two brothers, Nels P. Jensen of Muskegon and Roy A. of Escanaba; two sisters, Mrs. Mary Hendrickson of Seattle, Wash., and Mrs. Norman (Florence) Stephenson of Lake Worth, Fla.

Friends may call at the Anderson Funeral Home from 4 to 9:30 p.m. Tuesday and funeral services will be conducted at 2 p.m. Wednesday at the funeral home chapel with Rev. Karl J. Hammar officiating. Burial will be in Lakeview Cemetery.

17 Guardsmen Injured In Riot

DETROIT (AP) — Here is a list of 17 Michigan National Guardsmen injured during the week long riot in Detroit:

1. Cpl. Larry L. Post, Detroit, critical condition with gunshot wound in stomach. Battery C, 2nd Bat., 182nd Art.

2. 2nd Lt. Larry Cook, Flint, satisfactory condition with gunshot wound of the bladder. Hq. Co., 1st Bat., 125th Inf.

3-4-5. Spec. 4 Paul W. Marunich, Detroit; Pfc. Richard G. Burgess, Birmingham; Pfc. James M. Roosevelt, Plymouth—all Battery C, 2nd Bat., 182nd. Injured when quarter-ton jeep rammed by civilian vehicle Wednesday. Treated and released.

6. Pfc. Larry F. Gillespie, Detroit, Bat. A, 2-182nd. Gunshot wound, released.

7. Sgt. Dale Springfield, Grand Rapids area, Battery C, 2nd Bat., 125th. Gunshot wound. Treated and released.

8. Sgt. Maj. Joseph Takew, Jackson or Albion.

9. Pfc. Frederick R. Maher, (details unknown).

10. Sgt. Ronald Callahan, Saginaw, Company B, 1-125th Inf.

11. 2nd Lt. Paul Vercaemen, Detroit, HHS 2nd Bat., 182nd Artillery.

12. Pfc. Walter W. Kovl, Ohio, HHS, 1st Bat., 125th Inf.

13. Spec. 4 Arkes A. Ross, Birch Run, HHS 1st Bat., 125th Inf.

14. Spec. 4 Maurie R. Rose, Warren, Company C, 1st Bat., 225th Airborne.

15. Pvt. Robert J. Luttman, Detroit, Troop B, 1st Bat., 146th Cav.

16. Pvt. Gary E. Young, Southfield, Troop B, 1st Bat., 146th Cav.

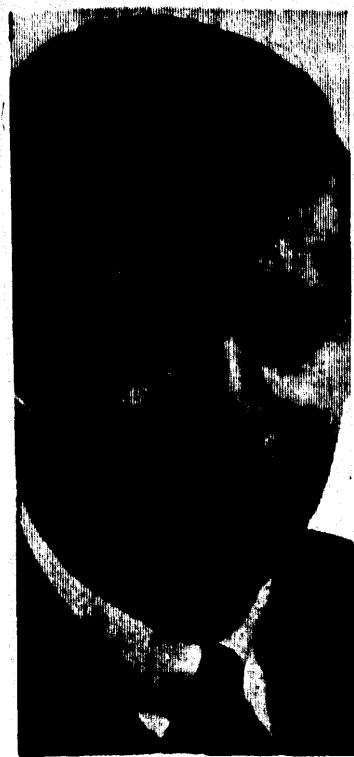

17. Spec. 4 Robert J. Black, Flint, HHS 3rd Brigade.

Windsor Cancels Its Emancipation Day Celebration

WINDSOR, Ont. (AP)—Windsor officials, uneasy over Detroit's rioting, have cancelled the 36th annual Emancipation Day celebration, set to start today.

The celebrations commemorate President Abraham Lincoln's freeing of the slaves during the U.S. Civil War. They have attracted up to 25,000 Detroit area Negroes a year.

Also cancelled is a rock 'n' roll dance that was scheduled in connection with the celebration for Aug. 8 in Windsor Arena.

Steelhead-Salmon Hatchery For Luce?

By KENNETH S. LOWE
Of Panax Newspapers

When and if the Michigan Conservation Department gets the green light to construct five new steelhead and salmon hatcheries, one of them may be erected on the Two-Hearted River in the Upper Peninsula.

T. B. Durling, former district fish biologist at Baraga who now is in Lansing in charge of the department's hatchery management section, said the Two-Hearted River in Luce County has been tentatively selected as the locale for one of the five cold water hatcheries proposed for the department's Great Lakes steelhead and salmon stocking program.

All of the other four tentative hatchery sites are on streams in the northern Lower Peninsula—the Little Manistee, Upper Manistee, Platte and Lower Jordan rivers.

Money Problem
Clouding the ambitious hatchery program, however, is the state's fiscal situation which has resulted in a cutback in department operations. However, Durling said, the department hopes supplemental appropriations may be made by the Legislature so that funds will be available at least for planning hatchery construction.

The five new hatcheries would cost a total of \$10 million. When completed, they would produce an estimated 30 million steelhead and coho and chinook salmon annually.

Durling, who spoke at a meeting of fish biologists and hatchery superintendents from throughout the Upper Peninsula, said the hatcheries would be highly automated and would be contracted by the department to specialists in hatchery construction.

Today Speaks
Also speaking at the meeting, at Northern Michigan University, was Wayne Tody, Lansing, chief of the department's fish division, who discussed the Great Lakes alewife problem that Michigan hopes to alleviate by stepped up planting of steelheads and salmon.

A trash fish that has invaded Lakes Huron and Michigan from salt water, the alewife posed a big problem as a result of an abnormally large die-off this year that left beaches along southern Lake Michigan littered and stinking with millions of these fish.

Conservative estimates are that there are between 500 million and 1 billion pounds of alewives in Lake Michigan and between 300 million and 500 million pounds in Lake Huron, Tody said.

Alewife Dieoff
"The dieoff consisted of about 80 per cent three-year old fish," he said. "The rest were primarily four-year-olds. There were tremendous numbers of alewives in the 1964 and 1965 age classes. So there is a good possibility there will be another heavy dieoff next year with a decline in 1969 and 1970 and then a building up of the population again."

Pointing out that the dieoff might have been more closely related to population stress than anything else, Tody said that it actually started this year in mid-winter or late winter. The maximum temperature tolerance of alewives, he said, is

2 degrees Centigrade, and Lake Michigan dropped to that point last winter.

"About 90 per cent of the fish in Lake Ontario are alewives, and it is feared that Lakes Michigan and Huron may be faced with the same situation in the future unless something is done now," Tody said.

Balance Needed
He maintained that the best thing that could be done to head off alewife takeover in Lakes Michigan and Huron would be to establish a predator-prey balance by increasing planting of predatory species (steelheads and salmon) to feed on alewives.

"Probably the highest possible commercial harvest of alewives would be about 200 million pounds a year from Lake Michigan and 100 million pounds from Lake Huron," Tody said.

"So our most feasible means of control would be issuing permits for trawling for alewives, but putting the most emphasis on pulling all stops to establish predator control of the nuisance fish."

A member of the herring family, the alewife came through the Welland Canal to the upper Great Lakes, where it underwent a population explosion in recent years.

Although they have little commercial value, they are easily caught and are being processed for fish meal, pet food and fertilizer.

Their greatest value, however, may prove to be as forage fish for sport species like steelheads and salmon.

U. P. FAIR QUEEN candidate Miss Olivia K. Kokko of South Range, the Copper Country's Strawberry Queen, is sponsored by the Chassell Lions Club. She is the daughter of Mr. and Mrs. Ted Kokko, is 18 years old, has brown hair and brown eyes and is a graduate of Jeffers High School in Painesdale. She will attend Central Michigan University, Mt. Pleasant.

Captain Named For Eskey-Built Survey Vessel

ROSCOMMON, Mich. (AP)—William Palmer of Essexville has been named captain of the "Steelhead," a 60-foot Great Lakes survey vessel. It was announced here by C. Troy Yoder, Region 2 Conservation Department manager.

The "Steelhead," still under construction at Escanaba, will be based at Charlevoix and used to gather scientific data to aid in managing the Great Lakes fishery.

Palmer, 33, has for the past six years operated survey vessels on the Great Lakes for the U.S. Corps of Engineers.

His appointment coincides with the naming of Charlevoix as the nerve center for the recently announced expanded Great Lakes fishery's development program, undertaken to combat the alewife.

Set '68 Date Of Firemen Tourney

ONTONAGON (AP)—Participants in the current Upper Peninsula Firemen's tournament have set the last week in July for next year's affair at Ontonagon. The three-day tournament features fire drills and parades involving fire fighters from 15 UP counties.

ON LEAVE from the U. S. Air Force for 30 days is Airman 2C Darrell M. LaVigne, son of Mr. and Mrs. Kenneth LaVigne of Isabella. He was at Shaw AFB, S. C., and will leave July 30 for duty in Saigon with the 377th Combat Support Group. He is a 1966 graduate of Garden High School.

Largest Seaplane
Largest seaplane ever built was the "Hughes Hercules" cargo transport flying boat, completed late in World War II. It weighed 400,000 pounds, had a wingspread of 310 feet and was powered by eight 3,000-horsepower engines.

Dream Factories Ready Shows For Labor Day Start

By CYNTHIA LOWRY

HOLLYWOOD (AP)—The entertainment capital in mid-summer is like the rest of the nation between Thanksgiving and Christmas: furiously busy. Studios and staffs are working overtime to gift wrap their television productions to be viewed by audiences from Labor Day on.

Seventy-nine shows are in production, including 25 new series on the three major networks' evening schedules.

Stars and stars-to-be arise at 5:30 a.m. to work long weekdays at the studio, then fly off for exhausting weekends in spots as distant as Washington, D.C., submitting to interviews and posing for pictures—all to publicize their shows.

The networks already are selling new shows and survivors from other seasons during breaks in summer reruns.

As usual at this time of year, network game and conversation shows, from NBC's morning "Today" to ABC's late "Joey Bishop Show" are being visited on network orders by performers plugging their upcoming shows.

Studio and network press agents are concentrating on angles for stories, distributing pictures of their stars and attempting to convince skeptical newspaper and magazine writers that September will produce the most exciting collection of hits since Milton Berle ruled the airwaves.

Last year, the trade magazine "Broadcasting" estimated that all this promotional activity cost the networks more than \$3 million—exclusive of more millions in air time. This year it could be even more expensive.

At base, however, the drum beating seems perfunctory and forced. A look at the schedules indicates there will be the usual assortment of new shows—several Westerns, a few variety shows, a lot of action-adventure shows and a handful of half-hour comedy programs.

No big star names have come into television this season—neither Carol Burnett nor Jerry Lewis, who will star in variety shows on CBS and NBC respectively.

Muskegon Is Site Of Aug. 8 Meet On Nuisance Fish

LANSING (AP)—Sen. Oscar Bouwma, R-Muskegon, has reported a four-state meeting will be held Aug. 8 at Muskegon to seek a solution to the serious Alewife infestation of Lake Michigan.

Bouwma is a member of the Senate committee studying the nuisance caused by the small herring-like fish. They recently littered Lake Michigan beaches after a die-off.

State officials from Michigan, Illinois, Indiana and Wisconsin will attend. Also expected are Sens. Robert Griffin of Traverse City and Philip Hart of Detroit, plus several Michigan members of Congress.

Women's Activities

Mrs. Jerry Lee Collins. (Delta Studio)

Bonita R. Butts Wed To Jerry L. Collins

Miss Bonita Ruth Butts of Escanaba became the bride of Pvt. Jerry Lee Collins on Friday evening, July 14 during a double ring candlelight ceremony performed at the Calvary Baptist Church.

The 7:30 nuptials were solemnized by Major Orville Butts of the Salvation Army, father of the bride, who also gave his daughter in marriage. Assisting at the service was Major Milton Anderson of Milwaukee.

Altar decorations were mingled pink roses centered with a wedding candle. Organist was Mrs. Captain Booth Wood of Oshkosh and soloist was LeRoy Butts, brother of the bride.

Parents of the couple are Major and Mrs. Orville Butts of 112 N. 15th St. and Mrs. Margaret Collins of 210 N. 11th St.

Lace Appliques

The bride's gown, fashioned by herself, was of white lace and peau de sole with lace applique design. The floor length skirt was fashioned with a chapel length train also with lace applique design.

Her Swedish design headpiece of crystals and pearls held her six layered veil of illusion netting and she carried a bouquet of pink roses and white carnations.

Maid of honor was Marie Collins of Escanaba, sister of the bridegroom and bridesmaids were Sharon Burleigh of Duluth, Minn. and Judy Geimer, a cousin of the bride, Chicago, Ill.

They were attired in floor length gowns of pink brocade and whipped cream over taffeta and all wore matching pink rosebud headpieces. They carried bouquets of pink and white

carnations. The attendants designed and sewed their gowns.

Flower Girl

Miss Joyce Butts, a sister of the bride, was flower girl and carried a bouquet of pink and white carnations. Cory Olson of Gladstone was the ringbearer.

Bestman was Robert Woodard of Escanaba and further attending the bridegroom were Russell Lind of Escanaba and LeRoy Butts, brother of the bride. Seating the guests were James Olson, Daniel Evans of Gladstone, Glenn Butts, Escanaba, Bill Berge, Menominee and James Buckley of Escanaba.

The mother of the bride wore for her daughter's wedding, a mint green on white crepe dress with white accessories and was presented a yellow gladiolus corsage.

Mrs. Collins chose a navy blue rayon dress trimmed with white lace also with white accessories. She pinned a pink gladiolus corsage.

Reception

The reception was held immediately following the ceremony at the Salvation Army Headquarters. The Home League served the dinner and also assisting were Miss Beverly Collins, Mrs. James Olson and Mrs. Dan Evans.

The newlyweds honeymooned in northern Minnesota and the bridegroom is presently on his way to Europe where he will be stationed with the U.S. Army. His bride will join him there shortly. Both young people are Escanaba Area High School graduates.

James Hilton's novel, "Lost Horizon," made the name Shangri-la a household word.

Mid-Season Party Planned At Country Club

A mid-season Party will be held at the Escanaba Country Club Saturday, Aug. 5. A scotch foursome golf event, in which each person uses only three clubs, will start off the day's activities at 4 p.m. Couples are to make their own foursomes.

A cocktail hour and smorgasboard will follow at 6:30 p.m. Dancing will be held from 9:30 p.m. to 1 a.m. with Al Adams and his orchestra providing the music. Reservations should be made by Aug. 1 by calling the club 786-1701, or either of the co-chairmen.

Co-chairmen of the event are Dr. and Mrs. T. A. McNerny and Dr. and Mrs. F. C. Anderson. Members of the committee are Dr. and Mrs. Louis Groos, Dr. and Mrs. Don LeMire, Dr. and Mrs. William LeMire, Mr. and Mrs. Mel Manske, Dr. and Mrs. Arno Whipple, Mr. and Mrs. Russell Lee, Mr. and Mrs. Warren Lee, and Mr. and Mrs. Robert Hansley.

Church Events

FIRST METHODIST

Tuesday, Aug. 1, 6:45 a.m. — Men's Breakfast Fellowship at the Sherman Hotel, 7:30 p.m. — Commission on Christian education will meet in the Judson-Anthony Lounge.

Rock

X-RAY UNIT

The mobile X-ray unit will be coming to Rock on Tuesday, Aug. 8 from 2-6 p.m. to give chest X-rays and diabetic tests. It will be located at the Rock School. There is no charge.

MISS PAMELA SHARON BRUNETTE became the bride of Allen Ray Lanaville during a ceremony performed at 11:30 a. m. Saturday, July 22 at the home of Justice Ross Davis in Gladstone. Honor attendants were Virginia and Rodger Sundling. Parents of the couple are Mrs. Adelina Brunette and Mr. and Mrs. Leonard Lanaville. The newlyweds are honeymooning in Canada and lower Michigan. (Preston's Portraits)

Births

KAYSER — Word has been received by Mrs. Bertha Kayser of Trenary of the birth of twin daughters on July 15 to Mr. and Mrs. Frank Kayser of Chicago. They have been named Dawn and Kimberly. The father is a former resident of Trenary.

NELSON — Mr. and Mrs. Lawrence Nelson of 1208 S. 16th St. are the parents of a son, their first child born at 1:22 a.m. on July 28. He weighed 7 pounds and 9 ounces at birth and has been named Brian Lawrence. Mrs. Nelson is the former Janet Geb.

League Play Wednesday At Country Club

Country Club women will hold regular league play on Wednesday. Women who are traveling to Iron River for the Invitational have until Aug. 8 to play their matches. All others are to play their matches on Aug. 2 as scheduled.

The committee for the day includes Mrs. Dale Vinette, Mrs. George Snyder and Mrs. Harry Needham. Ladies not having standing dinner reservations are to call 786-1701 or 786-0470 by Tuesday noon.

The Escanaba Country Club will host the Women's Tri-Club nine hole pari-mutuel tournament on Wednesday, Aug. 9. The event is scheduled to begin at 3 p.m. Saturday, Aug. 5 is the deadline for reservations and all women are requested to register with their respective clubs.

Mrs. Jerry Lee Eskew

(Lee's Studio)

Patricia J. Kittner And Jerry Lee Eskew Wed

Altar vases of white gladiolus and pompons and standards of white gladiolus, mums and fugi mums formed the setting at the First Presbyterian Church, Saturday, July 22 for the wedding of Miss Patricia Jean Kittner of Escanaba and Jerry Lee Eskew of Birmingham, Mich.

The double ring ceremony was solemnized at 3 p.m. by Rev. Philip J. Lyon. Pews were marked by lighted large white candles surrounded with greens and white satin bows. Mrs. David J. Briggs was organist and soloist was Miss Susan Garrard.

The bride is the daughter of Mr. and Mrs. James Roderick Kittner of 1219 S. 9th Ave., Escanaba and parents of the bridegroom are Mr. and Mrs. Rudolph Eskew of 1263 Davis St., Birmingham.

Organa, Lace

The bride, given in marriage by her father, wore an all white gown of translucent organza combined with rose point lace. The high rise bodice set with pearl trimmed lace appliques featured a high scoop neckline and lace edged Kabuki sleeves.

A removable sleeveless organza coat with twin lace panels in front, trimmed with appliques, flared to a full apical sweep.

A cluster of forget-me-nots framed her face and held in place her bouffant, elbow length veil of imported illusion. She carried a bouquet of Stephanotis and English ivy centered with a single white orchid.

Maid of honor for her sister was Barbara Kittner, of Milwaukee and Maureen Schocker of Jamestown, N.D., a college roommate of the bride, was bridesmaid.

They were attired in identical gowns of avocado green lace over matching taffeta with square cut necklines and long fitted sleeves. The flowing lines of the cage gowns swept to the floor.

Satin bows matching their gowns and circular face veils completed their attire and they carried a cabbage rose forming a single stem consisting of Forever Yours roses.

Serving as bestman was Theodore Schultz of Minneapolis, Minn., and further attending the bridegroom was Neil Harrison of Birmingham. Seating the guests were Steve Mann

Rapid River Coach

Debelak Is Cage Mentor

RAPID RIVER — Robert Debelak, 1967 graduate of Northern Michigan University and a former Trenary High School athlete, has been named head basketball coach at Rapid River High School, it was announced today by Superintendent Richard Dye.

Debelak succeeds Bill McGovern who resigned as cage

coach this year. McGovern will remain on the school faculty. Active in all sports at Trenary, Debelak was one of the leading basketball scorers in the Central League in his junior and senior seasons. He averaged 21 points a game as a junior and 19.5 as a senior in 1962.

In addition to his coaching duties, Debelak will teach physical education and social studies.

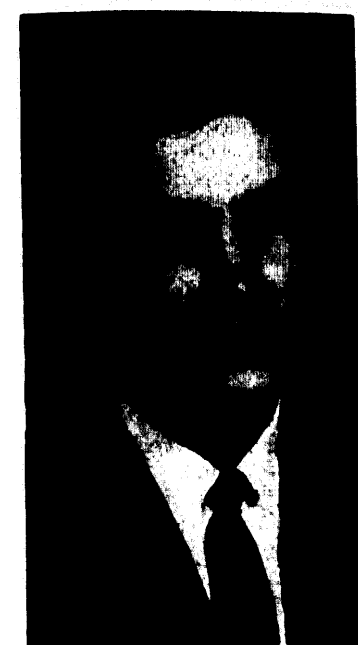

Detroit Teacher Sets Lift Marks

WINNIPEG (AP) — Light heavyweight Joseph Puleo of Detroit, a 25-year-old school teacher, lifted in three categories a total of 995 pounds, topping three Pan-American weightlifting records and collecting a gold medal for the United States Sunday night.

Puleo pressed 319½ pounds to top the 1955 record of 316 pounds set by U.S. lifter Tommy Kono.

He snatched 297½ pounds to top Kono's 1963 record of 292 pounds.

His 992 pounds total topped Kono's 1955 record of 964½ pounds.

Robert Debelak

Calumet Golfer Wins Crown In Senior Tourney

Bill Burell of Calumet captured the Upper Peninsula Senior Men's golf tournament championship at Highland Golf Club Saturday with a 73.

The event drew 177 golfers, largest field in history. Runner-up for medalist honors was Abe

Milkovich of the host club with a 74. Larry Zuegner of Norway shot a 75.

Burell set the pace in the 50-54 age bracket. Other flight winners were R. C. Smith of Marquette in the 55-59 group, Gordon Larson of Menominee in the 60-64 division, Zuegner in the 65-69 flight and Joe King of Menominee in the 70 and over class.

The flight leaders:

50-54 low gross - B. Burell, Calumet, 73; A. Milkovich, Highland, 74; B. Barnhart, Highland, 77; M. Gingsass, Marquette, 77; Low net - N. A. Raisanen, Iron Mountain, 67; George Bonamer, Highland, 67; Vic Newberg, Blaney Park, 68; Leonard Olson, Escanaba, 69.

55-59 low gross - R. C. Smith, Marquette, 79; Ed Senobe, Marquette, 80; R. Labreche, Menominee, 80; J. Miller, St. Ignace, 80; Low net - A. Ellison, Gladstone, 66; J. Hauserman, Iron Mountain, 67; R. Look, Iron Mountain, 68; V. Schiavo, Crystal Falls, 69.

60-64 low gross - Gordon Larson, Menominee, 75; H. Brotherton, Manistique, 83; L. Beauchamp, Highland, 86; W. Longacre, Houghton, 87; Low net - E. Arsonault, Ishpeming, 86; B. Stade, Highland, 67; G. Chaudoir, Highland, 68; J. Crossley, Manistique, 70.

65-69 low gross - L. Zuegner, Norway, 75; J. Kline, Marquette, 83; P. Tomasoni, Iron Mountain, 86; B. Douglas, Highland, 87; Low net - L. Males Manistique, 68; V. Rocheleau, Marquette, 70; N. Godell, Gladstone, 70; A. Caviani, Iron Mountain, 70.

70 and over low gross - J. King, Menominee, 82; H. DeGayner, Menominee, 83; A. Mattland, Manistique, 87; A. DiStasio, Iron Mountain, 92; Low net - R. Shiveley, Norway, 71; J. Reus, Crystal Falls, 72; O. Okerlund, Menominee, 73; C. F. Carlson, Newberry, 74.

Lou Berglund Ties For 1st In Nahma Golf

NAHMA — Lou Berglund of Escanaba and Kay Kerbut of Detroit tied for top honors in the annual women's golf tournament here Saturday, topping a field of 24 with 92 scores.

The Detroit golfer won a sudden death playoff for the trophy after five extra holes.

Kate LeBrasseur of Manistique was third with a 94.

Leading the handicap division were Mary Jane Ward of Manistique with a 73, Elaine DeGrand of Highland 76, and Blanche LaCrosse of Escanaba 78.

Dean Roddy of Gladstone topped a field of 36 golfers in the annual club tournament Sunday, shooting an 80 with a 4-wood. Rip Dahbe of Flint had an 85 and his father, Phil, shot an 87. Both used 6-irons.

In the handicap division Terry Larsched of Nahma led with a 67, followed by George Ritter of Nahma with a 70 and Jim McDonald of Detroit 74.

JOHN WAY, Escanaba Cub pitcher-outfielder, slides home in a cloud of dust in Sunday's first game against Menominee in the 11th district American Legion baseball tournament at the Al Ness diamond. Way scored the second of

Escanaba's four runs in the first inning of the game. He collected three hits in four trips and tallied twice as the Cubs won, 7-4. The Menominee catcher is Bennett and the umpire is Tom O'Neill. (Daily Press Photo)

Esky Cubs Cop Title In Legion Tourney

By KARL DICKSON

Like old pros, the Escanaba Cubs improved with experience as they swept two games from Menominee Legion at the Al Ness Field yesterday by the scores of 7 to 4 and 7 to 1. The victories enabled the Cubs to make their 13th straight trip to the Upper Peninsula American Legion Junior baseball finals which will be held in Iron Mountain next Saturday.

Roger Martinson, pinch hitting for regular Legion coach Al Erickson, who has been National Guarding in the Detroit area this past week, didn't miss a trick as he pulled the strings to keep the Cubs winning. Saturday, with two days rest, he sent big John Way to the hill against the North Menominee entry, Powers-Spalding. Way responded with one of his best games, a 2 to 1 twelve-inning marathon in which he struck out 14 and scattered 9 hits over the route.

Sunday morning Way started again, but when the Cubs jumped to a four run lead, Martinson brought in Warren Nye who went to the fifth when he switched to Jack Johnson, who finished up the game. With his pitching staff apparently exhausted, Martinson reached into the bag and brought out a nugget in Lee Rabitaille. Rabitaille, who probably hadn't started a game since his Little League and Babe Ruth days, responded with an assortment of curves, sliders and submarine balls mixed in with an occasional fast ball that was so effective that except for a ninth inning lead off single by the Menominee second baseman, Hoglund, the plucky right-hander would have had a no hitter.

For Menominee, the double loss was a bitter pill. With the Cubs apparently on the ropes, they were looking for their first

U.P. championship since 1949 when Johnny Merchand and Co. turned the trick. Over the years, the principle thorn in their side has been the Escanaba Cubs.

It was a rugged uphill battle

CHANNING NEXT

The Cubs will travel to Iron Mountain Saturday, Aug. 5, to meet Channing in a best-of-three series for the U.P. Legion championship. Channing won the 12th district crown Sunday by defeating Iron Mountain in the finals, 8-4. The U.P. series will begin at 11 a.m. Saturday at Ranger Field with the second game at 2 p.m. If a third game is needed it will be played at 1:30 Sunday.

for the Escanaba crew. They dropped their tournament opener to Menominee by a 6-5 margin and skidded into the loser's bracket. That opening setback forced the Cubs to win five straight games to capture the tourney title.

They started with a 15-4 decision over Schaffer Thursday and followed with a 3-1 verdict over Manistique Friday. Way's 2-1 triumph over Powers-Spalding Saturday afternoon set the stage for the Sunday double decision over Menominee.

Timely Hits Give Tigers Split With Front Runner

CHICAGO (AP)—The scales of victory in the American League pennant race may weigh the outcome in terms of timing.

Timing as few as one or two hits could provide the great leap forward by Detroit, and the Tigers found this out in splitting a doubleheader Sunday with league-leader Chicago.

The split kept Detroit 3½ games behind Chicago. Lack of a timely hit in the first game meant the Tigers stranded seven men and lost, 4-1. Timely hits in the second game gave Detroit a 7-1 victory.

In the first game, Al Kaline and Norm Cash walked, but with two out Jim Northrup struck out in the first inning.

Chicago scored twice in the first on a single by Walt Williams, a scratch single by Ken Boyer and a two-run double by Pete Ward.

The White Sox scored twice in the second on a single, a walk, a sacrifice and Walt Williams' timely single.

Detroit got its only run in the fifth on a walk to Ray Oyler, a single by Green and another by Dick McAuliffe. Kaline then tapped a roller into a fielder's choice and Cash fouled out.

Joe Horlen got the victory while Denny McLain was the loser.

The second game was all Detroit as the Tigers put their hits together. Willie Horton capped a five-run outbreak in the third inning with a three-run homer.

Jim Price doubled with one out in the third. Winning pitcher Johnny Podres grounded out, but McAuliffe cracked a single, driving Price home. McAuliffe took second on the throw to the plate and scored on a single by Jerry Lumpe.

Kaline beat out a bunt and Willie followed with a drive in to the lower left field stands, his 14th homer of the season.

Chicago got its run in the sev-

enth on Duane Josephson's first

homer. Detroit had added one in the seventh on a double by Mickey Stanley and a single by Bill Freehan.

The Tigers scored their final run in the eighth when Kaline beat out a grounder to third, Green forced him and Cash singled to second.

Masters, Creed Win Golf Crown

FLINT (AP)—Marjorie Masters and Clifford Ann Creed shot a 70 Sunday for a 54-hole total of 202 and the \$4,000 winner's purse in the three-day Yankee Women's Open best-ball tournament in Flint.

Second were Carol Mann and Pattie Berg, whose 204 total won them \$2,600.

Rain held up the tournament for two hours and the soggy course resulted in higher scores Sunday than previous days.

The rest of the top ten teams in the tournament were: Sandra Haynie and Gail Davis; 100 with 206.

Shirley Ehret and Judy Kimball; \$1,337.50 with 208.

Jan Ferraris and Mark Mills; \$1,337.50 with 208.

Joann Prentice and Beth Stone; \$1,337.50 with 208.

Louise Suggs and Mickey Wright; \$775 with 209.

Betsy Cullen and Betsy Rawls; \$775 with 209.

Marilyn Smith and Sybil Griffin; \$600 with 210.

When the New York Mets beat Vern Law 3-2 on April 13 it marked their first victory over the Deacon since Aug. 19, 1964. He had beaten the Mets six straight times.

The Tigers are off tonight and go to Baltimore Tuesday.

Lions Test Two Passers

DETROIT (AP)—The Detroit Lions' No. 1 problem, a first string quarterback, still is up in the air today after a scrimmage at which both veteran Milt Plum and second-year man Karl Sweetan broke even.

Lions Coach Joe Schmidt, who started Sweetan in Saturday's scrimmage, said: "There was no reason for Sweetan going first. We gave Sweetan 10 minutes, then Milt 10 minutes behind the first group and kept them working about the same amount."

"I thought both directed the ball club well. They were pretty even."

The Lions will have to make a preliminary decision before the weekend when a starter will be named for Saturday's first exhibition against the American Football League Broncos at Denver.

The two signal-callers split Saturday's 70-minute drill with Plum completing 11 of 14 passes for 103 yards and one touchdown. Sweetan, after a slow start, ended up with nine of 21 completions for 124 yards. He passed for one TD and scored another himself.

Rookie Tim Jones of Weber State had three completions in five passes.

"I was satisfied," said Schmidt. "We did a lot of things that looked good. We did a lot of things that looked bad. I still feel the defense is ahead at this stage."

Bill Malinchak, a second year end from Indiana, caught six passes for 135 yards including a 12-yard TD toss from Sweetan.

Rookie defensive back Lem Barney from Jackson (Miss.) State turned in a good job in the absence of holdout cornerback Dick LeBeau.

All-Pro flankerback Pat Stud-

College Golfer Wins Trans-Miss

ROCHESTER, Minn. (AP)—"I seemed to do everything right," was the way 19-year-old Jane Bastanchury, the new Trans-Mississippi women's golf champion, explained her victory.

The 5-foot-2½ Odessa, Tex., College student swamped Marcella Rose of St. Louis 12 and 11 to win the tourney Saturday by the biggest margin in its 37-year history.

Cameron Leaves Michigan State

INSTITUTE, W.Va. (AP)—College student swamped Marcella Rose of St. Louis 12 and 11 to win the tourney Saturday by the biggest margin in its 37-year history.

Cameron, an assistant professor of physical education at the college, was a backfield coach at MSU.

Graham Collects Biggest Payday In Golf Career

MINNEAPOLIS (AP)—Lou Graham, who had to delay a life-long ambition to be a pro tour golfer a few years ago because he had no money and no financial backers, has finally reached such heady affluence that he's going it on his own this fall.

Graham took the biggest step of his golfing life Sunday when he won the \$20,000 first-place money in the Minnesota Golf Classic with a two-under-par 286. He fired a steady, even-par 72 on the final round to nip South Africa's Bob Verwey by one stroke.

It was Graham's first pro tournament victory, and his biggest payday ever. It ran his 1967 tour earnings to \$39,937.

"I've waited a long time for this," the 29-year-old Graham said, hugging his wife and daughter as he accepted the first-place check in the \$100,000 tourney. "I had to wait a couple of years to get on the tour, and now I'm going it alone this fall."

While other professionals cursed and discussed Hazeltine National golf course for its length and unattractive greens, Graham had nothing but praise for it.

"This is the most beautiful golf course I've ever laid eyes on," he said of the site of the 1970 U.S. Open.

Graham refused to panic Sunday in the face of a last-round charge by Verwey which nearly wiped out a three-stroke lead Graham had at several stages in the final round.

Verwey collected seven birdies on the last 18 holes, but bogeyed the first and tied holes to lose his chances to tie or beat Graham. But his 67 lifted him from a tie for ninth after 54 holes to second.

Graham, meanwhile, birdied the second hole and bogeyed the 10th, then fired home eight straight pars down the stretch to hang on for victory.

He said the key hole was the 14th, where he hit into the trees, had to chip out, used a sand iron to get within 14 feet of the pin and dropped the putt.

Verwey, brother-in-law of Gary Player, claimed \$12,000 for his second-place finish.

Third was Julius Boros, who carded a 71 Sunday for a 289 total.

Tied for fourth at 290 were Doug Ford, Al Geiberger and Ken Still. In a four-way tie for seventh at 291 were Dudley Wyson, Dave Stockton, Harold Henning and Dave Jimenez.

Defending champion Bobby Nichols slumped to a 289 to finish far out of the running and PGA champion Don January stumbled home with a 295 to tie for 21st.

Babe Ruth City Tourney Begins

Standings

Team U.A.W.-C.I.O. 632 6 4
Mead Paper Co. 5 4
Kiwanis 5 4
Insurance Agents 5 4
Bankers 5 5
Teamsters Local 328 2 7

City Tournament

Monday - Insurance Agents vs. Mead Paper, 6 p.m.
Tuesday - Teamsters Local vs. Escanaba Bankers, 6 p.m.
Wednesday - U.A.W.-C.I.O. 632 vs. winner of Mondays game, 6 p.m.
Thursday - Kiwanis Club vs. winner of Tuesdays game, 6 p.m.
Saturday - Championship game, 2 p.m.

Results from last week's action brought some major upsets as both U.A.W.-C.I.O. 632 and Kiwanis suffered two losses each. With two make-up games to play after the city tournament four teams are in the running for the title. If there is a tie for first place there will be a playoff for the crown.

Mead Paper made its move for first by defeating Teamsters Local 10-8 and romping over Kiwanis 12-2 in a key game. Insurance Agents also won two games to help its chances defeating Bankers 6-1 and winning by forfeit over Teamsters Local. U.A.W.-C.I.O. 632, riding high until last week's action, suffered a 3-2 loss to Kiwanis and a 4-2 loss to Bankers. Kiwanis also ran into a disastrous week except for their 3-2 win over U.A.W.-C.I.O. 632. They were then tripped by Bankers 17-8 and Mead 12-2.

World Records Shattered

United States Swimmers Have Not Attained Peak

WINNIPEG (AP) — Some of the world record-breaking swimmers on the fabulous United States' swimming and diving team say they haven't "peaked" yet although they're all but setting fire to the Pan American pool here with their spectacular displays.

So far they and Canada's Elaine Tanner have combined to crack 11 world records. And there's a good possibility that the world marks in the five swimming events today may come tumbling down.

Both Mark Spitz, the 17-year-old sensation from Santa Clara, Calif., and his 21-year-old teammate, Don Schollander of Saratoga, Calif., say they're aiming to reach their peak for the Men's National Amateur Athletic Union Championships at Chicago, Aug. 11-12-13. The Women's Championships will be in Philadelphia a week later.

At stake in the Nationals, in addition to titles, will be trips to Mexico for the Little Olympics, a European tour, and berth on the U.S. team for the World University Games in Tokyo.

Four listed world marks were smashed Sunday—one by Miss Tanner, Canada's "Mighty Mouse"—as the Yanks won five of the six swimming and diving events for a total of 19 victories in 23 events.

In track and field, the U.S.A. athletes picked up six of the seven golds for 10 of the 11 titles in two days.

There were other golds harvested by the United States in weight-lifting—by middleweight Russell Knipp of Pittsburgh and light heavyweight Joe Pulco of Detroit—and in skeet shooting by Allen Morrison of Quantico, Va., with a score of 97-98-195.

Over-all, the United States bagged 14 golds, seven silvers and four bronzes Sunday for a total of 127 medals—66 gold, 36 silver and 25 bronze. Canada is second with 47 medals (5-19-23), Cuba third, 21 (3-6-12) and Argentina fourth, 15 (4-6-5).

The swimmers and divers will hog the spotlight again today as the track and fencers take a day off.

In the five swim events, the world marks are liable to fall to 15-year-old Katie Ball of Jacksonville, Fla., in the 100-meter breaststroke; to Miss Tanner, Claudia Kolb of Santa Clara or Lee Davis of Saratoga, Calif., in the 200-meter butterfly; to Charlie Hickox of Phoenix, Ariz., in the 200-meter backstroke, and the Schollander-Spitz sparked 800-meter freestyle quartet.

On Sunday, Miss Kolb, a 17-year-old Olympian, touched off the world record spree with a 2:26.1 clocking in the 200-meter individual medley.

Then Greg Charlton of Arcadia, Calif., blitzed the listed world mark of 4:11.1 with a time of 4:10.2 for the 400-meter freestyle. Spitz, however, has a pending world record of 4:08.8 awaiting ratification.

The girls closed out the spree with two world records in the 400-meter medley relay. Miss Tanner, as the leadoff swimmer for Canada, was clocked in 1:07.1 for the backstroke, eclipsing her fresh record of 1:07.3.

The Yank quartet of Kendis Moore, 18, Phoenix, Miss Ball, Ellie Daniel, 16, Elkins Park, Pa., and Wendy Fordyce, 14, Miami Springs, Calif., knocked 13.9 seconds off the world mark set by the U.S. Olympic team at Tokyo in 1964, with a time of 4:30.0.

In track and field the winners were Lee Evans, San Jose State, by a shade over Vince Matthews, New York, in a world-record tying 400 meters in 44.9; Canada's Harry Jerome by an eyelash over Willie Turner, Yakima Wash., in a 102 for 100 meters; Tom Laird, Pomona, Calif., in the disputed 20,000-meter walk, 1:33:05.2; Chris McCubbins, Enid, Okla., 3,000-meter steeplechase, 8:38.2; Ed Caruthers, Santa Ana, Calif., high jump, 7-foot-2 1/4; Barbara Ferrell, Los Angeles, 100 meters, 11.5, and Mrs. Pat Winslow, San Mateo, Calif., modern pentathlon, 4,860 points.

Pan-American records were set by Evans, McCubbins, Laird, Caruthers and Mrs. Winslow. Tommie Smith, Evans' teammate at San Jose State, has a world record of :44.5 pending for the 400.

Purdue, Dayton On NMU Slate

MARQUETTE — Northern Michigan University will play a 23-game basketball schedule during the 1967-68 season, according to NMU athletic director Rico Zenti.

The schedule includes 1968 NIT champion Southern Illinois, NCAA runner-up Dayton, Purdue of the Big Ten, Bradley of the Missouri Valley Conference and Montana of the Big Sky Conference among the major opponents.

College division powers include North Dakota, North Dakota State, Lamar Tech and Pan American. The Wildcats will also appear in the Wayne State Centennial Tournament and meet seven other foes who have become regulars on the NMU cage card.

Featured in the Wayne tourney are four out-of-state schools: Hardin-Simmons, Maine, South Dakota State and Washington of St. Louis, as well as Central Michigan, Eastern Michigan, Northern and host Wayne State.

Dayton, Lamar Tech and Purdue are newcomers on the NMU schedule, while Eastern Michigan is reappearing after an absence of several seasons.

Head coach Stan Albeck will face the 23-game schedule with a squad built around a nucleus of six returning lettermen. The returnees include guards Les Coduti, Don Jacobetti and Jeff Clime, forwards Dave Kovack and Mike Boyd, and center Ted Ross.

Northern's 1967-68 schedule: Dec. 2—at Dayton University; Dec. 4—University of Montana; Dec. 6—Minnesota-Duluth; Dec. 9—at Bradley University; Dec. 15—at North Dakota State; Dec. 18-19-20—Wayne State Tourney in Detroit; Jan. 9—St. Norbert College; Jan. 16—at Michigan Tech; Jan. 20—Ferris State; Jan. 29—at Purdue University; Jan. 31—at Lamar Tech; Feb. 2—at Pan American; Feb. 5—Central Michigan; Feb. 10—at Eastern Michigan; Feb. 17—at Southern Illinois; Feb. 21—Michigan Tech; Feb. 23—at Ferris State; Feb. 24—at Wayne State; Feb. 27—at Minnesota-Duluth; Feb. 29—North Dakota; Mar. 2—Eastern Michigan.

CAUGHT IN THE ACT is Clarence Jones of the Chicago Cubs who made this difficult diving catch of a line drive. It's plays like this that have been keeping the Cubs in the fight for the National League pennant. Jones recently was recalled from the minor leagues after starting the season with Chicago.

Jim Wynn Back In Orbit After Trip To Hospital

By The Associated Press

Jim Wynn and the Houston Astros are back in orbit, but Wynn's head is spinning and Grady Hatton's fingers are crossed.

Wynn drove in six runs Sunday with two homers, and a double as the streaking Astros completed a doubleheader sweep by drubbing the New York Mets 9-1. Then complained of dizziness and was hospitalized for the second time in two days.

The slugging center fielder, who leads the National League with 27 home runs and tops the majors with 83 RBI, was knocked unconscious in a freak collision at home plate in Saturday's victory over Pittsburgh. Wynn scored ahead of Rusty Staub on a sixth inning single, but thought he'd missed the plate and was on his way back when he collided with Staub.

He was sent to a Houston hospital as a precautionary measure, but was back in the lineup Sunday as the Astros won the opener 6-5 and ran their winning string to six games by taking the nightcap. After circling the bases twice, once on an inside-the-park homer, Wynn left in the seventh inning and returned to the hospital.

In other NL action the first place St. Louis Cardinals extended their winning streak to five games with a 7-5 victory over Atlanta; the Chicago Cubs split a twin bill with Cincinnati, winning 8-4 before bowing 3-2; Pittsburgh edged San Francisco 4-3 and Los Angeles blanked Philadelphia 1-0.

Wynn doubled home a run in the first inning of the nightcap, but he inside-the-park shot with one on in the second and pounded a three-run homer in the fourth.

The Astros raked Jack Fisher for all their runs and 13 of their 14 hits in the first four innings while rookie Don Wilson stopped the Mets on six hits.

"Wynn may get two or three days without driving in a run and then knock in a bunch," Manager Hatton said. "He's a strong line guy."

Roger Maris brought the Cardinals from behind with a two-run single in the seventh and delivered an insurance run with a sacrifice fly in the ninth before a crowd of 47,154—the biggest at Atlanta this season.

The Braves had taken a 5-4 lead in the sixth on a run-scoring single by Hank Aaron, who had four hits. Atlanta outlived the Cards 15-11, but stranded 13 base runners while dropping its third straight.

Ernie Banks knocked in four runs with a pair of singles in the Cubs' first game victory at Cincinnati but the Reds bounced back in the nightcap with the help of Pete Rose's two-run single in the third. The split dropped the second place Cubs 3 1/2 games behind St. Louis.

Vernon Law registered his first victory of the year after six setbacks as the Pirates built a 4-0 lead and then weathered a three-run Giant rally in the ninth. Roberto Clemente's two-run homer broke a scoreless tie in the sixth and Pittsburgh added the necessary insurance in the ninth on Maury Wills' lead-off homer and Donn Clendenon's RBI single.

Jim Hart's run-scoring double chased Law in the ninth and Bob Etheridge laced a two-run single off Elroy Face before the Pitt reliever got the last out.

Lou Johnson's eighth inning homer, only the fourth hit of southpaw Chris Short, lifted the Dodgers past Philadelphia.

Right-hander Don Sutton scattered eight hits for his seventh victory in 19 decisions as the Dodgers won their third in a row.

Buy and sell the classified way.

Angels Score Nine Runs In Seventh Frame; Snap Washington Win Streak

By The Associated Press

When Washington overpowered California 11-1 in the first game of a doubleheader Sunday, it was done with a couple of quick, artistic shots.

But when the Angels came back to take the second game 10-2, they displayed all the quiet finesse of a herd of attacking ducks.

There is hardly room on this page to account for California's nine-run seventh inning in the nightcap. It may be enough to say that the first 10 Angels to bat in the inning reached base, but that only five of them had hits and four of those were singles.

Add to this the fact that Washington had to use four pitchers before they could register one out, that the Angels scored on a wild pitch, an error and sacrifice fly as well as on their legitimate hits, and you may have some idea of what the Senators were up against as they saw a five-game win streak evaporate.

Elsewhere in an abundant American League schedule Sunday, Chicago split with Detroit, winning 4-1 and losing 7-1, Cleveland divided with Baltimore, winning 8-3 and losing 4-2, New York swept a pair from Kansas City 7-2 and 5-2 and Minnesota beat Boston 7-5.

In the National League, Chicago split with Cincinnati, 8-4 and 2-3, Houston won two from New York 6-5 and 9-1, St. Louis beat Atlanta 7-5, Pittsburgh edged San Francisco 4-3 and Los Angeles shut out Philadelphia 1-0.

In Washington's opening game romp, Paul Casanova cracked a grand-slam home run and Frank Howard, continuing his hitting spree, contributed a solo shot.

But in the nightcap, neither Joe Coleman, Dave Baldwin nor Dick Lines could retire an Angel in the disastrous seventh inning. It wasn't until Casey Cox came on the scene that the Senators escaped. Jim Fregosi's two-run triple was the only thing resem-

bling a big hit in the inning.

Vern Fuller and Max Alvis each drove in two runs for the Indians in the opener with Sam McDowell limiting the Orioles to seven hits. Dave May's first major-league homer, a two-run shot, paved the way to Baltimore's triumph in the second game.

The Yankees got homers from Tom Tresh, Jake Gibbs and Horace Clarke in the opener with Al Downing stopping the Athletics on seven hits. Steve Barber hurled a three-hitter in the nightcap and Roy White and Bill Robinson each drove in a pair of runs.

Rod Carew got four hits, including a homer, and Harmon Killebrew got home run No. 32 for the Twins. The Red Sox scored four times in the ninth before Jim Roland, the Carl Yastrzemski to pop in front of the mound and Rich Reese caught the ball for the final out while sitting on the mound after colliding with Cesar Tovar.

GLADSTONE

AIRMAN Dana M. Austin, son of Rev. and Mrs. Dana M. Austin of 607 Michigan Ave., has been selected for technical training at Goodfellow AFB, Texas, as a U. S. Air Force communications analysis specialist. Austin recently completed basic training at Lackland AFB, Tex. He is a 1966 graduate of Gladstone High School and attended Bay de Noc Community College Escanaba.

Two Motorists Charged With Reckless Driving

Two motorists were charged with reckless driving by State Police over the weekend. Officers said Barry Fitzpatrick, 1803 7th Ave. S., Escanaba, was ticketed after an accident Saturday night in Pioneer Trail Park in which Fitzpatrick's car struck a tree. He will appear before Judge James Fitzharris in Escanaba. John Reuteman, Elm Grove, Wis., also was charged with reckless driving. Officers had no details on the case, but Reuteman posted bond with Justice Ross Davis of Gladstone. Elroy Derocher, Rte. 2, Bark River, was ticketed for violation of operator's license restrictions and careless driving after he ran off U.S. 2 and 41 and struck guardrails near Hyde about 4 a.m. Sunday. Officers said Derocher was not injured.

In Service

Army Spec. 4 Peter D. Nadeau, 20, son of Mr. and Mrs. Robert J. Nadeau, Rte. 1, Gladstone, is participating in month-long field training exercises near Hohenfels, Germany, with the 4th Armored Division. During the exercise, which ends Aug. 12, he will undergo rigorous training centered around the combined arms live fire exercises for tank and mechanized infantry platoons and companies. Spec. Nadeau, a heavy truck driver regularly assigned to Company A of the division's 128th Maintenance Battalion, Crailsheim, Germany, entered the Army in Feb., 1966 and was last assigned at Aberdeen Proving Grounds, Md., before arriving overseas in June, 1966. He graduated from Gladstone High School in 1964.

Uncrowded Field

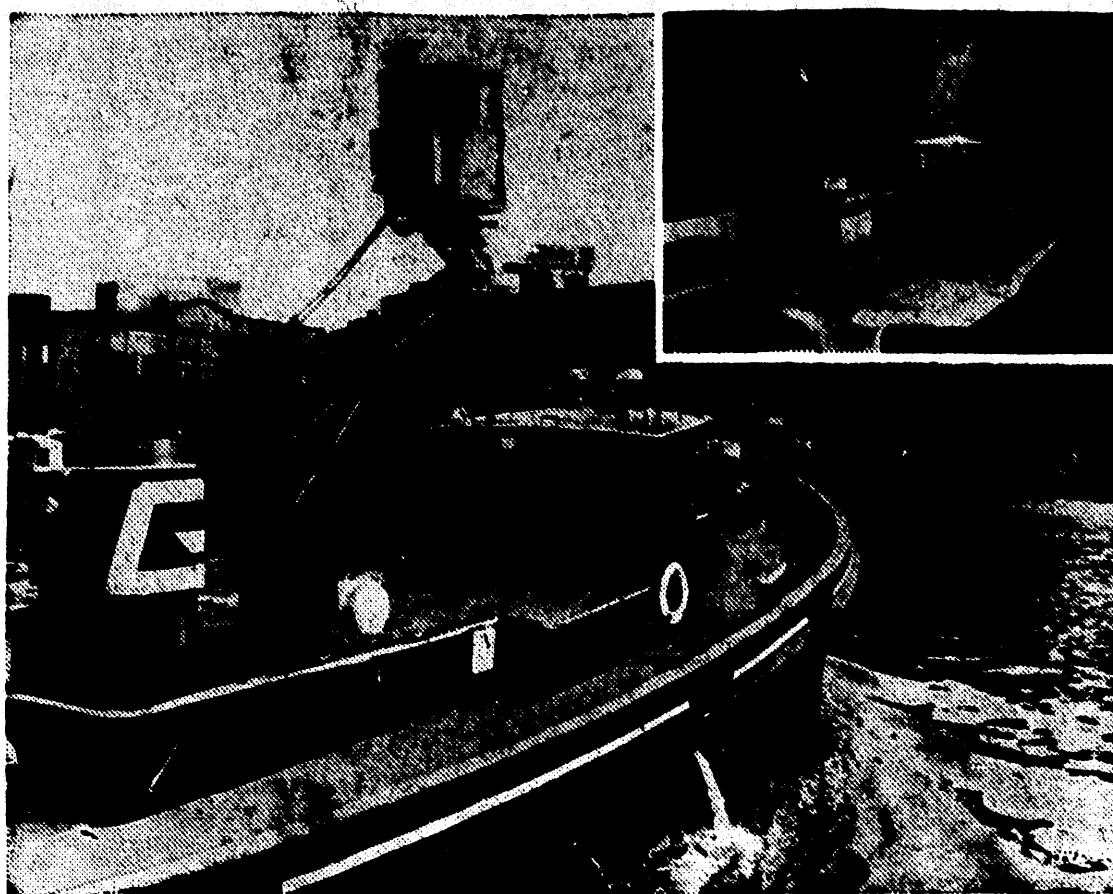

PRINCETON, N.J. (AP)—The Princeton Summer Institute in Papyrology says there are fewer than 10 active papyrologists in the United States. To remedy the situation the university has recruited 12 graduate students from around the country to work with two British experts and the Princeton classics department on the university's papyrus collection. A papyrologist translates writing on papyrus, ancient writing material.

Wheat grows at 10,000 feet in the Ethiopian highlands and below sea level in California's Imperial Valley.

School Dropout Meet Planned In Lansing, Aug. 3

LANSING (AP) — The State Board of Education has scheduled meetings in Lansing to consider school dropout problems, Aug. 3, and to discuss the required 180-day school year, Aug. 18. Educators from 15 counties will discuss school dropout causes and possible cures next Thursday at the Lansing Civic Center. Representatives from the counties with the 10 highest dropout rates have been urged to attend. These are: Wayne, 9.2 per cent; Kalamazoo, 7.7; Jackson, 7.5; Monroe, 7.3; Genesee, 7.4; St. Clair, 7.3; Berrien, 6.9; Lenawee, 6.9; Muskegon, 6.8, and Washtenaw, 6.8. Three other counties invited are among 10 with the lowest dropout percentages. These are: Huron, 2.0; Clinton, 3.7; and Gratiot, 3.7. Also invited were school officials from Kent, 5.1 per cent, and Ingham, 5.4 per cent.

A derelict boathouse was the first home of the University of Miami's Marine Laboratory, founded in 1943. Today the lab has grown into the Institute of Marine Science. It ranks as one of the world's leading marine research centers.

TELEPHONES FOR TUGS on Lake Erie put them in a class with today's taxis by getting them to the scene fast, when they are needed. A traffic control center, shown in the inset, in Cleveland's Terminal Tower can direct and control activity of the 28 tugs of the Great Lakes Towing Company at all 12 ports in Lake Erie, ordering them directly and quickly to pick up a tow. The lift pictured on the tug above is not necessary to the communications system, although it represents another tugboat innovation which gives the captain a better vantage point during operations.

Northern Names Griffith Dean

MARQUETTE — Northern Michigan University has tapped a young but noted biochemist and researcher, Dr. Thomas Griffith, as its dean of the school of arts and sciences. Dr. Edgar L. Harden, NMU president, announced the appointment of Griffith to succeed Dr. David W. D. Dickson who was named NMU's vice president for academic affairs. Prior to being named associate dean of arts and sciences on July 1, 1968, Griffith had served as head of NMU's chemistry department. Harden called Griffith "one of the nation's top educators who will help to continue NMU's program of innovations in education."

For the past several years, he and his wife, Dr. Gail Griffith, have directed a study of metabolic reactions to tobacco plants that lead to the synthesis of alkaloids, nicotine and anabasine.

Griffith, a native of Mineola, Kan., joined NMU's faculty in 1962 after serving as a research associate at Michigan State University for four years.

Dr. Thomas Griffith
